RE: Docket No. 080250-SU; Mid-County Services, Inc.'s Application for an Increase in
Wastewater Rates Increase in Pinellas County, Florida
Our File No.: 30057.155

Dear Ms. Cole:

The following are the Utility's responses to the Commission Staff's September 19, 2008 correspondence identifying deficiencies in the MFRs filed in the above-referenced proceeding:

- 1) MFR Schedule A-19 requires the utility to provide the balances of the equity capital and liabilities for the year ended December 31, 2006, December 31, 2007, and their average. The following are deficiencies on Schedule A-19:
 - a. The amount for Advances from Associated Companies for Test Year Ended 12/31/07, \$0, does not equal the balance reflected in the 2007 Annual Report, F-2, \$477,239.
 - b. The amount for Total Long-Term Debt for Test Year Ended 12/31/07, \$0, does not equal the balance reflected in the 2007 Annual Report, F-2, \$477,239.
 - c. The amount for Notes & Accounts Payable - Associated Companies for Test Year Ended 12/31/07, \$299,157, does not equal the balance reflected in the 2007 Annual Report, F-2, -\$178,082.

Ann Cole, Commission Clerk
Office of Commission Clerk
Florida Public Service Commission
October 3, 2008
Page 2

Pursuant to Rule 25-30.110, F.A.C., please provide the reconciliation of the balances in MFR Schedule A-19 listed above and the 2007 Annual Report.

RESPONSE: For the specified accounts, the components for prior year (2006) and current year (2007) are not the same in F-2. In 2006, Acct 233, A/P to Assoc. Cos. combined Acct 233 A/P and Acct 223 Advances from Cos. In 2007 it did not. The Utility chose to present 2007 to be compatible with 2006, combining the accounts.

Component Accts	2006	2007
Acct 223 Adv from Assoc. Cos.	225,303	477,239
Acct 233 A/P to Assoc.	<u>235,122</u>	(178,082)
Total	460,425	299,157

How it appears on MFR A-19:

Adv from Assoc. Cos.	0	0
A/P to Assoc. Cos.	460,425	299,157

How it appears in Ann Report F-2:

Adv from Assoc. Cos.	0	477,239
A/P to Assoc. Cos.	460,425	(178,082)

2) Rule 25-30.440(8), F.A.C., requires that each applicant for a rate increase shall provide the Commission one copy of a list of all field employees, their duties, responsibilities, and certificates held, and an explanation of each employees' salary allocation method to the utility's capital or expense accounts. The total of MFR Schedule B-6, lines 1 and 2, reflects total salaries of \$264,834. Staff believes the difference between the allocation and actual expense of salaries may have been capitalized by the utility. However, the utility's cost allocation manuals, MFRs, and the list provided by the utility do not reflect which employees' salaries were capitalized. Please provide a list that contains an explanation of each employees' salary allocation method to the utility's capital or expense accounts as required by Rule 25-30.440(8), F.A.C.

RESPONSE: Please see the attached document entitled, "Rate Case 2008 Mid-County Employees." This document is the list of field employees with their duties and responsibilities. Also, please see the attached document entitled "Mid County Employees PCF," showing each Mid-County field

Ann Cole, Commission Clerk
Office of Commission Clerk
Florida Public Service Commission
October 3, 2008
Page 3

employee, their job title, and certificate held, if any. The salary allocation was calculated for per books purposes based on equivalent residential customers (ERCs), converted into customer equivalents (CEs). The allocation was then calculated as follows:

Mid-County CEs at 12/31/07
Total CEs at 12/31/07 for systems where employee performs duties

Due to the fact that the Utility was ordered in its last rate proceeding to discontinue the use of customer equivalents, the Utility calculated a re-allocation, for ratemaking purposes, of all current employees who perform duties for Mid-County. This re-allocation was based on ERCs only. The allocation for each employee is calculated as:

Mid-County ERCs at 12/31/07
Total ERCs at 12/31/07 for systems where employee performs duties

The allocation applies to the employee's total salary expense. Any capitalized portion is then credited directly to Mid-County's salary expense, and debited to the proper capital account. The personnel who have capitalized time to Mid-County are as follows:

- John Hoy
- Patrick Flynn
- Scotty Haws
- Jason Borntrager
- Tony Wierzbicki
- Michael Wilson
- Mark Windholz
- Jeffrey Finehirsh
- Robert Buono
- Stephen Szczepkowski

In reference to the discrepancy between Schedule B-6 and Schedule B-12, please see the attached document entitled, "B-12 to GL tie out for deficiency 2". This document explains the differences between the per books numbers on the B-6 and the allocations on the B-12. Additionally, the Utility found an error on the fourth quarter B-12. As such, the Utility submits the attached, "Schedule B-12 (Revised)" for filing.

**RATE CASE 2008 MID-COUNTY EMPLOYEES
DOCKET NO. 080250-SU
DEFICIENCY RESPONSE – ITEM No. 2**

Rick Durham, Regional Vice President: Position is responsible for directing the safe, efficient and profitable operation of the company's assets.

John Hoy, Regional Vice President: Position is responsible for directing the safe, efficient and profitable operation of the company's assets.

Patrick Flynn, Regional Director: Oversees all operations and employees in Florida.

Mike Wilson, Regional Manager: Manages operations and employees for all West Coast, North and South Florida operations. Mike Wilson oversees the day-to-day operations within the West Coast, North and South Florida areas.

Tony Wierzbicki, Project Manager: Manages all capital projects, inspects and monitors any developer activities or line extensions within the system.

Haws, Scotty, Safety and Compliance Manager: Assists the Regional Directors and Regional Managers in maintaining compliance and safe work practices while also acting as liaison to the Corporate Compliance and Safety Coordinator. This also includes staying abreast of the latest rules and regulations and updating and implementing current and future sampling plans as required by the states and EPA.

John Bonagura, Business Manager: Directs the budgeting process and five year capital planning process, performs variance analysis for budgeted, forecasted, and actual items, prepares monthly spending and budgeting reports, and helps operations maintain maintenance tracking schedules.

Lee Neal, Area Manager: Supervises the day-to-day operations of the facilities on the West Coast and North Florida.

Current Plant Operation's Employees

Steve Szczepkowski, Lead Operator: Steve holds *Class B wastewater treatment plant operator* license and is responsible for overseeing the day-to-day operations of the Mid-County wastewater treatment plant.

Mathew Gunther, Operator: Matt holds a *Class A wastewater treatment plant operator* license and operates the Mid-County wastewater treatment plant during the evening shift.

Robert Buono, Operator: Robert holds *Class C drinking water treatment plant operator* and *Class C wastewater treatment plant operator* licenses and is assigned to the Mid-County wastewater treatment plant.

David Worrell, Operator: David holds *Class C drinking water treatment plant operator* water and *Class B wastewater treatment plant operator* licenses and is assigned to the Mid-County wastewater treatment plant.

Jeff Finehirsh, Operator: Jeff holds a *Class C wastewater treatment plant operator* license and assists in the day-to-day operations of the Mid-County wastewater treatment plant as needed.

Jonathan Finehirsh, Part Time Operator: Jonathan holds a *Class C wastewater treatment plant operator* license and assists in the day-to-day operations of the Mid-County wastewater treatment plant as needed.

Robert Chard, Cross Connection Specialist: Robert is a *certified backflow device tester* and is responsible for protecting the public water supply from actual or potential contamination sources by ensuring appropriate backflow prevention devices are properly in use by residential, commercial, and industrial customers.

Kennedy Franklin, Field Technician: Kennedy troubleshoots mechanical and electrical problems, makes minor mechanical and electrical repairs, maintains spare parts inventory, and performs record keeping as required.

Ralph Johns, Part Time Operator: Ralph held a *Class A wastewater treatment plant operator* license and assisted in the day-to-day operations of the Mid-County wastewater treatment plant as needed.

Facilities

The minimum staffing requirement at the wastewater plant is 6 hours per day, 7 days per week, by a minimum Class C wastewater operator.

Duties and Responsibilities

- a) Responsible for performing treatment plant, collection system and transmission system operation and maintenance. Duties are to be completed in a reasonable and professional manner consistent with standard operating practices in order to comply with state and local regulatory rules and requirements. Must perform duties consistent with the protection of the public health and the environment.
- b) Perform responsible, efficient, and effective on-site management and supervision of all system functions.
- c) Submit complete, accurate and timely periodic plant operating reports.
- d) Report to the Permittee and the Department of Environmental Protection any serious plant or system breakdown or condition causing or likely to cause serious, inefficient or unsafe treatment or discharge of water or wastewater in a manner not authorized by the current permit.
- e) Submit accurate reports relative to treatment plant, collection system, and transmission system operation, including sampling and laboratory analysis.
- f) Maintain an operation and maintenance log for each plant, current to the last operation and maintenance task performed.

- g) Perform required preventative maintenance in conformance with equipment manufacturer recommendations. Repair or replace equipment or distribution and collection system components as needed to keep the facilities operating as permitted.
- h) Perform various service order functions including but not limited to the following: customer complaints; reading and checking meters; cross-connection inspections; installing or repairing the distribution, collection and disposal systems; installation of water meters.
- i) Maintain the visual aesthetics of the facilities in compliance with company standards, including grounds maintenance, fence repairs, site security, lighting fixtures, and general building upkeep.
