RE: 2008 CLEC Questionnaire:

To Whom It May Concern:

We wanted to complete the information as accurately as possible, and needed to wait for information from our outside billing company. However, we did not receive the information in time to complete the forms by the due date.

We were in contact with Kevin Bloom, letting him know our status and that we would be attempting to send the information soon. We did however complete the forms and delivered by June 17, 08. (See enclosed correspondence)

We have corrected the situation, for the future, by taking back our billing system in house. We will make sure that all the data is in our billing system, so that we can comply with this questionnaire in the future.

We are a small CLEC, and any fine, especially with the current US economic conditions, would be difficult to pay.

However, we would like to propose a settlement offer of \$3,500, for deposit in the general revenue fund, as settlement in full.

Please let me know if there is any further information you need from me.

Thank You,

Nathan Gross
President
