Re: Docket No. 080610-WS: Application for transfer of water and wastewater utility assets of Fern Crest Utilities, Inc., in Broward County, to Tindall Hammock Irrigation and Soil Conservation District, and cancellation of Certificate Nos. 13-W and 107-S.

Dear Mr. Salerno:

This letter is to confirm the recent telephone conversation between you and Ms. Stephanie Clapp, of my staff, concerning the processing of the above referenced docket. During the conversation Ms. Clapp advised you that we would delay finalizing action on your application until after the closing on the transfer of utility assets to Tindall Hammock Irrigation and Soil Conservation District. The closing is currently anticipated to occur on or before February 1, 2009. Please advise the Commission when the closing actually occurs and provide written documentation of the closing.

Please remember that certificated utilities under private ownership and control must continue to file regulatory assessment fees up to the date of transfer to a governmental authority. If the utility remains privately owned and controlled on December 31 of one year, the annual report is due by March 31 of the following year.

Should you have any questions concerning this matter, please contact Ms. Clapp, at (850) 413-6997.

Sincerely,

Patti Daniel
