Docket No.: 080001-EI  
Date: October 17, 2008

REQUEST FOR CONFIDENTIAL CLASSIFICATION

GULF POWER COMPANY ["Gulf Power", "Gulf", or the "Company"], by and through its undersigned attorneys and pursuant to Rule 25-22.006, Florida Administrative Code, hereby files a request that the Florida Public Service Commission enter an order protecting from public disclosure certain information submitted by Gulf Power in response to Commission Staff's Sixth Set of Interrogatories to Gulf Power Company (Nos. 59-78). As grounds for this request, the Company states:

1. A portion of the information submitted by Gulf Power in response to Interrogatory Number 74 of Commission Staff's Sixth Set of Interrogatories contains proprietary and commercially sensitive information regarding competitive interests, trade secrets and contractual matters of Gulf Power, which if disclosed to the general public could cause irreparable harm to Gulf Power. This information is entitled to confidential classification pursuant to section 366.093(3)(d)-(e), Florida Statutes. Specifically, the confidential information consists of pricing information for Gulf Power's hedging activities that have been negotiated with financial counterparties in the competitive market. Disclosure of this information would give third parties insight into Gulf Power's pricing strategy for the future and could therefore adversely affect Gulf's ability to conduct its hedging activities to the benefit of its customers.

2. The information filed pursuant to this Request is intended to be, and is treated as, confidential by the Gulf Power and, to this attorney's knowledge, has not been otherwise publicly disclosed.

3. Submitted as Exhibit "A" are copies of the subject documents, on which are highlighted the information for which confidential classification is requested.

EXHIBIT NUMBER - DATE  
09941 OCT 20 8  
FPSC-COMMISSION CLERK

should be treated as confidential pending a ruling on this request. Attached as Exhibit "B" are two (2) edited copies of the subject documents, which may be made available for public review and inspection. Attached as Exhibit "C" to this request is a line-by-line/field-by-field justification for the request for confidential classification.

**WHEREFORE**, Gulf Power Company respectfully requests that the Commission enter an order protecting the information highlighted on Exhibit "A" from public disclosure as proprietary confidential business information.

A

- c. Daily volatility within the natural gas market has continued to increase bringing with it wider and wider daily price swings. Additionally, Southern Company sometimes initiates hedge transactions outside of traditional NYMEX trading hours and therefore prices may not correspond directly with daily NYMEX settled prices. With the advent of electronic trading, such a practice has become common throughout the industry over the past several years. Therefore, considering the increasing daily volatility and the market that exists outside of the historical trading hours, this test could potentially provide incomplete or inaccurate results.

**Deal #2006.37189** – This deal shows up on the report as exceeding the 5% tolerance, but in reality the difference is a result of a system problem at deal entry time. Deal 2006.37189 and Deal 2006.37190 taken together reflect one deal transacted for 11/1/2007 – 3/31/2008. The system issue at the time of deal entry forced the user to enter the transaction as two deals instead of one. Therefore, when applying the corresponding NYMEX futures price for the entire deal period, this deal was transacted well within the 5% tolerance. The weighted average NYMEX settle price was \$11.265 and the deal price was [REDACTED]. The resulting difference is less than 1%.

**Deal #2006.37253** – This deal shows up as exceeding the NYMEX close price by 6%. As mentioned above, the reason for this higher price could be that the deal was transacted on a day with higher volatility, or transacted during a time outside of NYMEX trading hours. It could also be possible that the deal price was priced higher because of the low number of contracts. Given that this is the only deal transacted in the 18 month test period that exceed the 5% tolerance, and the efforts our team exerts on price discovery, it is reasonable to assume that this deal was consummated prudently. This deal was transacted at a price level that is in accordance with the pre-approved hedging strategy in effect at the time.

- d. There were no option deals during the 2007 time period.
- e. There was one option deal during the 2008 time period. This option was settled and a net gain of \$5,248.27 was realized by Gulf.

| A                    | B           | C                | D               | E                     | F            | G       | H            |
|----------------------|-------------|------------------|-----------------|-----------------------|--------------|---------|--------------|
| Deal Number          | Option Type | Transaction Date | Settlement Date | NYMEX Reference Price | Strike Price | Premium | Settle Price |
| 1<br>2<br>2008.40456 | Call        | 3/27/2008 16:01  | 4/1/2008        | \$ 9.535              |              |         | \$ 10.2903   |
| 2008.40456           | Call        | 3/27/2008 16:01  | 5/1/2008        | \$ 9.625              |              |         | \$ 11.3854   |

- f. Gulf is unable to provide a comparable market price for the premium paid for this option. The strike price for the call option is \$0.50 higher than the NYMEX reference price shown in the table above. The NYMEX reference price is the market price for the future period being hedged.
