**Issue 1(b):** Of the services identified in Issue 1(a), for which, if any, is AT&T required to offer interconnection under §251(c) of the Telecommunications Act of 1996?

**Recommendation:** If the Commission approves staff's recommendation in Issue 1(a) and finds that Intrado Comm's 911/E911 service does not meet the definition of "telephone exchange service," then staff recommends that the Commission find that AT&T is not required to provide interconnection pursuant to the provisions set forth in §251(c). Moreover, staff recommends that since any resulting agreement between the parties is not pursuant to §251(c), the Commission need not address the remaining 22 issues identified in the Prehearing Order, Order No. PSC-08-0400-PHO-TP.

**APPROVED**

**Issue 2:** Should this docket be closed?

**Recommendation:** Yes. If the Commission approves staff's recommendations in Issues 1(a) and 1(b), then this docket should be closed. The parties may negotiate a commercial agreement pursuant to §251(a). If the Commission denies staff's recommendations in Issues 1(a) and 1(b), then the docket should remain open for resolution of the remaining 22 issues. Apart from the consideration of Issues 1(a) and 1(b), staff has become aware of several public policy matters that may warrant examination with the emergence of competitive 911/E911 providers. As such, staff recommends that the Commission direct staff to further explore these matters.
