RE: Docket No. 080250-SU; Mid-County Services, Inc.'s Application for an Increase in Wastewater Rates Increase in Pinellas County, Florida
Our File No.: 30057.155

Dear Ms. Cole:

The following are Mid-County Services, Inc.'s (the "Utility") responses to the Commission Staff's October 23, 2008 correspondence identifying additional deficiencies in the MFRs filed in the above-referenced proceeding.

Please find attached hereto the document titled *Mid-County B-12 to GL tie out for deficiency 2 (2nd set deficiencies)*. This document shows the amount of allocated salaries shown on the original filed B-12, the revised B-12 filed on 10/13/08 (submitted again in response to this deficiency), and the general ledger. It also shows any difference between the original filed B-12 and the general ledger. These differences all have explanations; many of the explanations were supported by the revised B-12 filed on 10/13/08. There were however, differences that could not be traced back to the allocation workpapers. Since these could not be traced back as a proper allocation, the Utility did not include them on the B-12. Additionally, the document titled *Mid-County Test year Employees* is being resubmitted to correct a scrivener's error.

As in the revised B-12 filed on 10/13/08, the total allocation of salaries is \$270,422, an increase of \$5,588 compared to the original total allocation of \$264,834. This difference is attributable to:

\$ 955	Additional allocation in June in a/c 6120 not picked up on the original B-12
--------	--

DOCUMENT NUMBER-DATE

10715 NOV 17 08

FPSC-COMMISSION CLERK

(\$4,672)	Additional allocation in September in a/c 6120 not picked up on the original B-12
(\$ 19)	Additional allocation in December in a/c 6155 not picked up on the original B-12
\$ 7	Additional allocation in December in a/c 6135 not picked up on the original B-12
\$4,841	Additional allocation in December in a/c 6160 not picked up on the original B-12
\$4,476	Incorrect allocation made and reversed in December in a/c 6165; the reversal was not picked up on the original B-12
\$5,588	Total difference between original B-12 and revised B-12 filed on 10/13/08

In its second deficiency letter, Staff called attention to the total of Schedule B-6 lines (1) and (2) of \$259,385. This is the total salaries reflected on the general ledger. The difference between the salaries reflected on the general ledger (\$259,385) and the salaries reflected on the revised B-12 filed on 10/13/08 (\$270,422) is \$11,037. This difference is comprised of:

\$ 356	Amount of allocated capitalized time in March booked to the GL and not picked up on the revised B-12 filed on 10/13/08 because it was untraceable
\$ 893	Amount of allocated capitalized time in June booked to the GL and not picked up on the revised B-12 filed on 10/13/08 because it was untraceable
(\$1,473)	Additional allocation of executive salaries in March, but not picked up on the original B-12 or the revised B-12 filed on 10/13/08 because it was untraceable
\$11,261	Actual capitalized time directly booked to Mid-County
\$11,037	Total difference between revised B-12 filed on 10/13/08 and B-6

This capitalized time of \$11,261 (\$11,262 due to rounding) is provided in the document titled *Salary Allocation of Field Employees*, attached hereto.

As noted previously, each employee's salary is calculated in the manner below. The only difference for each employee is the denominator, which varies depending on the specific systems for which each employee works. The salary allocation was calculated for per books purposes based on equivalent residential customers (ERCs), converted into customer equivalents (CEs). The allocation was then calculated as follows:

Mid-County CEs at 12/31/07

Total CEs at 12/31/07 for systems where employee performs duties

The salary allocation for each employee for each of the four quarters can be found on each employee's salary sheet from the attached *Salary Allocation of Field Employees*, under the section, "Salary Allocation". For example, John Bonagura's salary allocation for the first quarter shows the following, which shows that Mid-County receives 4.94% (3,352 CEs / 67,898 CEs) of John Bonagura's first quarter salary (\$16,250 * 4.94% = \$802).
