I have been advised that the document filed in the referenced matter earlier today included highlighting and other unintended "markings" due to a clerical error.

Accordingly, I request that you please disregard and delete my electronic filing in the referenced "undocketed" matter. For clarification, the incorrect document was included with the electronic filing under the heading "In re: Petition for Certification as a Qualifying Facility Pursuant To Rule 25-17.080, F.A.C. By The Solid Waste Authority of Palm Beach County, Florida".

Your attention to this matter is appreciated. A corrected document will be "refiled" in the next few days.

My apologies for any inconvenience this may have caused.

Good afternoon Mr. Zambo,

Thank you for your voice mail message providing clarification on the attached filing. You advised that there was a clerical error by your office, and the document should not have been filed in it's current form. Pursuant to your request, we will not consider the attached document an official filing. You advised you would send a revised version either tonight or tomorrow. That will be just fine. Thank you for your help.
