October 31, 2008

Dear Tim and Jessica Bailes,

The Florida Public Service Commission issued a ruling on October 6, 2008 approving the Utility Corporation of Florida's application for a wastewater certificate. They also ordered a monthly service rate of \$32.00 per unit, effective October 31.

Customers who have paid the \$32 rate in 2008 prior to the Commission ruling will have a credit of \$10 per month applied to their accounts, plus interest at the rate specified by the FPSC. A statement of your account is enclosed.

Please let us know if you have any questions.

Sincerely,

Lois Schlabach
Utility Corporation of Florida, Inc.

October 31, 2008

Dear Mr. and Mrs. Fitzpatrick,

Since January 2008, the Utility Corporation of Florida, Inc. has been providing wastewater service for your properties in Golfview Village. We have been billing your homeowner's association \$32 per unit. At the suggestion of the association, we are now billing each homeowner individually.

UCF made application to the Florida Public Service Commission for a wastewater service certificate at the beginning of this year. They recently ruled to approve our application and set our fees at \$32 per unit. However, customers who have been paying \$32 through this year will be refunded \$10 per month.

Enclosed please find a statement of your account, including a credit of \$100 plus interest, as specified by the Public Service Commission.

Please let us know if you have any questions.

Sincerely,

Lois Schlabach
Utility Corporation of Florida, Inc.
