OK. I will open dockets to cancel all three IXC registrations and recommend that the certificates be cancelled on the PSC's own motion. Thanks.

Good morning Ms. Paula Isler,

Per the instructions of the company, all operations under each of these companies has ceased and hence all licenses can be allowed to lapse.
Due to financial duress, they are going through a bankruptcy..

If you have any questions, please feel free to contact me either by telephone or email.

Best Regards

Good morning, Mr. Veizaga:

12/18/2008

In doing research on Total Solutions Telecom Inc. (TK170), I found in the Florida Department of State, Division of Corporations' records, that Total Solutions and another company called TS Telecommunications, Inc. (TK036) merged into Latin Node, Inc. (TK118) on June 10, 2008. Just as clarification, there were a total of seven corporations merging into Latin Node, but the only two having telecommunication registrations with us are the ones mentioned above.

Also, our records show that Edward Maldonado is the official liaison for each of the three companies mentioned above.

My question to you is should all three registrations be cancelled? If yes, please respond back and advise specifically which companies you are requesting cancellation on. In addition, if the company (or companies) does not pay the Regulatory Assessment Fee, plus any outstanding late payment charges, then we cannot grant the company (or companies) a voluntary cancellation. Instead, the registrations will be cancelled on the PSC's own motion.

Please review this information and let me know as soon as possible how to proceed. Thanks.

Paula

Ms. Fulcher,

Total Solutions Telecom Inc. has gone bankrupt and is no longer in existence. The company has asked us

12/18/2008

to complete their telecom compliance.

If you have any questions, please feel free to contact me either by telephone or email.
