Docket No. 080621-EI
Filed: December 23, 2008

**FLORIDA POWER & LIGHT COMPANY'S NOTICE OF
WITHDRAWAL OF DEFERRED PORTION OF APPLICATION**

Florida Power & Light Company (FPL) hereby files Notice of its withdrawal of a portion of its Application for authority to issue and sell securities during calendar year 2009 pursuant to Section 366.04, F.S., and Chapter 25-9, F.A.C., filed on October 1, 2008 (the "Application"), and respectfully states as follows:

1. On November 13, 2008, the Commission voted to approve the above-referenced Application, with the exception that it deferred consideration of the portion of FPL's Application seeking to include FPL-New England Division (FPL-NED) construction expenditures of approximately \$30 million for the planned Seabrook Substation Reliability Improvement Project in the State of New Hampshire as a purpose for which the securities described in the Application are to be issued.

2. The Commission issued its final order with respect to the Application (except for the referenced FPL-NED deferral) on December 3, 2008. Docket No. 080621-EI, Order No. PSC-08-0801-FOF-EI, issued December 3, 2008. Consideration of the deferred FPL-NED expenditures is scheduled for the Commission's January 26, 2009 agenda conference.

3. FPL has filed a Petition for Approval of Financing for the Seabrook Transmission Substation Upgrade with the New Hampshire Public Utility Commission seeking regulatory approval for the financing of the improvements to the Seabrook Substation. Accordingly, FPL hereby withdraws the portion of its Application requesting to include the above-referenced FPL-

NED construction expenditures as a purpose for which securities described in the Application are to be issued, and requests that the docket be closed.

Respectfully submitted this 23rd day of December, 2008.
