Theresa,
I have 2 copies of a 1 page confidential document that was passed out at the hearing as a SACE exhibit that was used for cross-examination, but was never entered into evidence. Is it OK to shred these copies of this document ?

All:

7/16/2009

On July 15th, the Office of the Public counsel filed the testimony of Dr. William R. Jacobs relative to FPL. Unfortunately I made an error and information that is **required by law** to be kept confidential was inadvertently included in the filing which was made by U.S. Mail late in the day on July 15th. I have contacted all of the intended recipients of the filing by telephone or left a voice mail. At this time I have been able to reach and personally speak to all parties or persons except for one on the service list -- or their representatives -- and have made arrangements for the interception of the of the information and its return or destruction. At this writing I have left a voicemail with the one remaining interested person who was served the testimony as a courtesy requesting the handling described below.

I have asked that anyone who receives the testimony first endeavor to return it to the Office of Public Counsel unopened. Failing this, second, if the mail is opened for reasons beyond their control, I have asked that it not be reviewed and that it be returned to this office and that the recipient be willing to represent that it has not been reviewed or disseminated. Third, if the information has been shredded or for reasons that best serve the protection of the information that will be sufficient and I have asked that the persons be willing to provide representation.

Attached is a redacted version of the testimony. We will also file and formally serve a copy of the same on the service list on July 17th. We will also re-submit (Likely on July 17th), the confidential version (one copy) to the Commission and FPL will simultaneously file any required request for confidential treatment.

I apologize for the inconvenience and thank all of you who quickly and responsibly have agreed to honor the requirement that the information be kept confidential.

Thank you

Charles J. Rehwinkel

The e-mail complaints I have reviewed refer to a 25% increase in PEF's bill. That was based on a fuel rate increase and an increase in capacity charges stemming from nuclear preconstruction (Dkt. 080009). The 25% is outdated since PEF filed for a mid-course correction to fuel factors and a decrease in capacity charges. I don't mind if these e-mail complaints go into the fuel docket - 090001 - but they are out of date.
