Re: Application for Tariff Expansion and Commercial Rate

Dear Sirs,

Attached is an application to extend our service territory. This area is a small commercial parcel used as a restaurant and is located and will abut areas already served by North Peninsula Utilities Corp.

This letter will also serve as our request for establishing a commercial rate for this property. When fully in operation this business is estimated to use 1,500 to 3,000 gallons/ day. The water line to the property is a one inch service line. Please advise as to the monthly rate that would be allowed to be charged to this business.

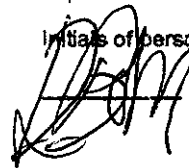

Thank you for your attention to this application. Please advise if any additional information is needed. (386-677-7847)

Sincerely,

Robert L. Hillman
North Peninsula Utilities Corp.
