DOCUMENT NUMBER - DATE

FPSC-COMMISSION CLERK

Short of contacting the customer to ascertain to which utility matter their comments are directed, I'd be speculating to which utility this refers. I'd be inclined to place it in the '00 docket file (undocketed matters). I believe the City of Apopka is in Progress Energy Florida's service area, but it's unclear whether the customer is referring to the nuclear docket, one of the clause dockets, or PEF's upcoming (and as yet undocketed) rate case. I'm not sure from the face of the correspondence why it would be directed to Docket 080665-EI, which concerns a territorial agreement between FPL and the Lee County Electric Cooperative.

It appears that document no. 00356 placed in Docket No. 080665, may belong in a different docket. Please see the email below.

Lisa,

It appears that some consumer correspondence was mistakenly placed in Docket No. 080665-EI. It is from a consumer in Apopka, which is not in FPL's or LCEC's service area, and the e-mail doesn't appear to relate to this docket. It's document No. 00356.

Please let me know if I should contact someone else on this.

Thank you.
