Issue 1: Should AT&T be allowed to move forward with the next 22-state OSS release?

Recommendation: Yes. Staff recommends that AT&T be allowed to move forward with the next 22-state OSS release on the condition that selected Tier 1 and Tier 2 Self-Effectuating Enforcement Mechanism (SEEM) remedies are doubled for each data month beginning with implementation of the next 22-state OSS release, for a period of six months. The performance measurement categories that should be included are OSS (Pre-ordering), Ordering, Provisioning, and Change Management. After the implementation of the next 22-state OSS release, staff will recommend if the Commission should take any further action on this matter.

MODIFIED

AT&T be allowed to move forward with the next 22-state OSS release including remedies assured by AT&T without the condition of doubling the SEEM remedies. The Commission reserves the right to bring a show cause proceeding if deemed appropriate.
