Re: Joint Petition to Approve Territorial Agreement between the Ocala Electric Utility and Progress Energy Florida, Inc.; Docket No. 080724-EU

Dear Ms. Cole:

On behalf of Ocala Electric Utility ("Ocala") and Progress Energy Florida, Inc. ("PEF"), please find below the joint response to Staff's request for information based on an informal discussion held March 4, 2009 between Staff, Ocala and PEF.

Ocala and PEF wish to provide additional information related to the map indexes 4, 8 and 9 submitted as part of the joint petition filed on December 23, 2008. The modifications to these indexes as compared to the indexes currently approved under the 1997 agreement, per Order No. PSC-98-0443-FOF-EU in Docket No. 971543-EU, were made to properly reflect the service territories of the parties to the agreement. These modifications have no affect on existing customers and do not require the transfer of any customer or facilities between the parties. They have been modified simply to appropriately reflect the territorial boundary.

Thank you for your assistance in this matter. Should you have any questions, please feel free to call me at (727) 820-5509.

Sincerely,

A handwritten signature in blue ink that reads 'Gail Simpson' followed by the initials 'LMS'.
