Thanks Mrs. Isler,

You may want to check your DNS server to fix the SPAM error. We have our e-mail hosted at GoDaddy.com, which is working with Microsoft in stopping SPAM. This new system is called Sender ID Framework.

It is very easy to upgrade to. You need to add a TXT record in your DNS containing a SPF entry for your mail servers... you can follow a wizard in Microsoft.com to create the record: <http://www.microsoft.com/mscorp/safety/content/technologies/senderid/wizard/>

Well, you might want to forward this e-mail to your IT department since every moment ISPs are applying these rules. We just helped a customer set it up and they solved it.

We might consider starting selling telecommunications again and are currently raising funds to start over. Once we get everything set, we'll see to pay all the fees pending.

Sincerely,

Max Glucksmann

**Subject:** Comtel Networks, Corp. (TK154)

When I respond to an e-mail, it is returned (our ITS section says your spam blocker is extra sensitive or something like that).

I got an e-mail from you on January 29th responding to a January 26th e-mail from me but we have not received a letter requesting cancellation. Is that what you're talking about?

I will open a docket to cancel your IXC certificate on the Commission's own motion. Unpaid fees will be turned over to collections. If Comtel ever decided to re-enter the telecommunications market in Florida, it would have to pay any outstanding fees at that time, including accrued late payment charges.

Thanks.

Dear Mr. Glucksmann:

I recommend that you go ahead and request cancellation of the certificate effective December 31, 2008. Unfortunately, the 2008 Regulatory Assessment Fee (RAF) is still applicable and since it is mandated by statute, the RAF cannot be waived. And even worse news is that the RAF continues to accrue late payment charges until the fee is paid. I tell you this because if the company were to reapply for a new certificate in the future, it would first have to pay any outstanding fees, and the late payment charges add up pretty fast. The good news is if we go ahead and cancel the certificate with a 2008 effective date, the company will not also be responsible for the 2009 RAF. Please confirm by tomorrow (January 30th) that you want me to open a docket to cancel the certificate.

So that there will be no surprises, what will happen is that I will write a recommendation to deny Comtel a voluntary cancellation (the only way a voluntary cancellation can be granted is if a company pays all outstanding fees) and instead, cancel the certificate on the Commission's own motion. The Commissioners will vote on the recommendation and an order will be issued based on the Commissioners' vote. Then a second order will be issued finalizing everything.

I wish I had better news for you. Please let me know if you have any other questions.

Paula

Dear Mrs. Isler,

Thank you for the notice. Unfortunately, we were not able to introduce our calling cards in the Florida market. We couldn't start sales and didn't make any profit from any telecommunication traffic.

We've been working on re-launching our company as a PBX and software vendor and developer.

We want to suspend our IXC license and if possible, have the option to enable it again in the future if we find the way to introduce our product.

We are really sad we couldn't start but the calling card market seems to be polluted with many cards offering very low rates that end not being true or the cards being charged with several fees that in the end don't offer the minutes they first announce.

Once more thank you, but we will not be able to pay even the \$700 minimum fee since we haven't made any profit yet and we're in a fund raising process right now.

If you have any advice we'll appreciate your support.

Best regards and wishes for 2009,

Max Glucksmann

Dear Mr. Glucksmann:

The 2008 Regulatory Assessment Fee return form was mailed to your company on December 15, 2008, to 18151 NE 31st Court, Suite 705, Aventura, FL 33160-2662, which is the last address the company provided us, and was subsequently returned by the Post Office marked "attempted - not known; unable to forward." Since the 2008 RAF return was not delivered to you, I am attaching a copy of the return form since it is due by January 30, 2009, to avoid late payment charges.

Please provide the Commission with an updated address. In addition to the address above, our records show you as president, the telephone number as (954) 826-0231 and the fax number as (954) 827-0990. Please confirm that this information is correct or provide me with updated information.

Please review this information and respond by January 30, 2009. Let me know if you have any questions. Thanks.

Dear Mrs. Paula,

We wrote about a month ago notifying our company wasn't able to perform sales in 2007 in the calling card business.

At that time, we requested from you that our IXC registration were suspended.

I hope you could understand the market in south FL is already over flooded with companies that are very well established and we have started looking for alternative businesses, but at this time we're not selling phone traffic.

Thank you and regards,

Max Glucksmann

**Subject:** TK154 - Comtel Networks, Corp.

Good morning:

This morning (February 20, 2009), the Commission mailed out delinquent notices to those companies that either have not paid the 2008 Regulatory Assessment Fee (RAF) or have not paid the 2008 RAF in full. Our records show that the company has not paid the 2008 RAF. I wanted to give you a heads up because those certificate holders not complying with the delinquent notices will be automatically fined \$500 for a first offense, \$1,000 for a second offense, and \$2,000 for a third offense. A copy of the Regulatory Assessment Fee rule is attached.

If the company owes the minimum and if payment is postmarked between January 31 and March 1, the total due is \$742, which is comprised of the \$700 minimum RAF, \$35 penalty, and \$7 interest. If payment is postmarked between March 2 and March 31, the total due is \$784, which is comprised of the \$700 minimum RAF, \$70 penalty, and \$14 interest. A copy of the 2008 RAF return form is also attached. Please complete it and return it with full payment, including the late payment charges. Just as information, late payment charges (penalty and interest) continue to accrue until the RAF is paid.

If your records show that payment was made, let me know right away by providing me with the check number and the date payment was mailed so that I can research this further. Please let me know if you have any questions. Thanks.
