ORDER APPROVING AMENDMENT APPLICATION

BY THE COMMISSION:

Background

North Ft. Myers Utility, Inc. (NFMU or utility) is a Class A utility providing water and wastewater service in Lee County, serving 1,894 water and 12,938 wastewater equivalent residential connections (ERCs). The instant application involves wastewater only. Rates were last considered in an index application on May 28, 2007, and the utility's last general rate case increase was approved by Order No. 11360, issued in Docket No. 810477-S.<sup>1</sup>

On September 2, 2008, NFMU filed an amendment application to add about 1,240 acres east of the eastern edge of its service area, located in the South Florida Water Management District. We have jurisdiction pursuant to Section 367.045, Florida Statutes (F.S.).

Amendment Application

NFMU states that the 1, 240 acres for which it has applied will accommodate about 2,500 ERCs. The 2,500 ERCs anticipated to be added in this current docket include the ERCs referred to in the prior amendment docket (discussed below). The application is in compliance with the governing statute, Section 367.045, F.S., and other pertinent statutes and administrative rules concerning an application for amendment of certificate. The utility provides wastewater service from its existing wastewater plants and has adequate capacity to serve the area requested. Water service will be provided by Lee County Utilities.

An adequate service territory map and a territory description have been provided as prescribed by Rule 25-30.036(3)(e) and (i), Florida Administrative Code (F.A.C.). A description

<sup>1</sup> See Order No. 11360, issued November 24, 1982, in Docket No. 810477-S, In re: Application of Old Bridge Corporation for an increase in sewer rates in Lee County, Florida.

of the territory requested by the utility is appended to this recommendation as Attachment A. The utility has submitted an affidavit consistent with Section 367.045(2)(d), F.S., that it has tariffs and annual reports on file with the Commission. In addition, the application contains proof of compliance with the noticing provisions set forth in Rule 25-30.030, F.A.C. No objections to the application have been received, and the time for filing such has expired. The local planning agency was provided notice of the application and did not file a protest to the amendment. The Department of Community Affairs (DCA) has reviewed the filing and commented on the parcel of land requested to be approved in this application.

Comments from the DCA essentially state that this expansion is inconsistent with the Lee County Comprehensive Plan. These same concerns were raised in an earlier North Ft. Myers Utility, Inc. amendment application, Order No. PSC-08-0539-FOF-SU, issued August 18, 2008, in Docket No. 080179-SU, In re: Application for amendment of Certificate No. 247-S to extend wastewater service area in Lee County by North Fort Myers Utility, Inc. In the earlier docket, the area was designated as rural, being characterized by agricultural and low-density residential uses. Extending services to this rural area in the former application conflicted with the County's Comprehensive Plan that discourages urban sprawl. The County's Comprehensive Plan does not expressly prohibit the extension of a utility's territory in non-urban areas, but it has been the County's long-standing policy that wastewater service not be provided in those areas.

While the comments made by the DCA have merit, Section 367.045(5)(b), F.S., provides that we do not need to consider whether an amendment of certificate is inconsistent with the local comprehensive plan unless a timely objection is made to the notice of amendment. If a timely objection is made, we shall consider, but are not bound by, the local comprehensive plan.

The property owner, North River Communities, LLC, has a pending Comprehensive Plan Amendment to change the land use from rural to a Future Urban Area. The plan amendment was heard by the Local Planning Agency (LPA) last year and again last month. While the hearing was continued until the last week of February, the matter is expected to end up in front of the Lee County Board of County Commissioners for a transmittal hearing by May of this year. Once the County Commission transmits the plan amendment for review by the DCA, the plan will go to the County for the adoption hearings.

According to the utility, central wastewater service would be a benefit to that new land use. Current land use for the eastern parcel allows one dwelling unit per acre to be developed, but obviously with the plan amendment in process it is anticipated that the current zoning will change to a higher density use. As noted in Order No. PSC-08-0539-FOF-SU, Policy 2.1.3 of the Lee County Comprehensive Plan permits public utilities in all land use categories.

After reviewing the documents and letters filed, we find that adequate mechanisms are in place to monitor the growth in the areas requested for amendment by the utility. The County will provide water service as needed. Development plans will require County permitting and approval.

Plant capacity is available for adding connections, and as expansion of the plant is needed, the utility will proceed. Costs for plant expansion will be paid from a combination of

capital and service availability charges. Lines and lift stations installed by the developer in this amendment area will be deeded to the utility as contributions in aid of construction.

Based upon the above information, we approve NFMU's application to expand its territory. The proposed territory amendment is described in Attachment A. This Order shall serve as NFMU's amended certificate, and the Order shall be retained by the utility. NFMU shall charge the customers in the added territory the rates and charges contained in its tariff until authorized to change by this Commission in a subsequent proceeding.

Based on the foregoing, it is

ORDERED by the Florida Public Service Commission that the application of North Ft. Myers Utility, Inc., for amendment of Certificate No. 247-S is approved as set forth in the body of this Order. It is further

ORDERED that Certificate No. 247-S is hereby amended to include the territory described in Attachment A of this Order, which by reference is incorporated herein, It is further

ORDERED that this Order shall serve as North Ft. Myers Utility, Inc.'s amended certificate and shall be retained by the utility. It is further

ORDERED that North Ft. Myers Utility, Inc. shall charge the customers in the added territory the rates and charges contained in its tariff until authorized to change by this Commission in a subsequent proceeding. It is further

ORDERED that this docket is hereby closed.

By ORDER of the Florida Public Service Commission this 25th day of March, 2009.

NOTICE OF FURTHER PROCEEDINGS OR JUDICIAL REVIEW

The Florida Public Service Commission is required by Section 120.569(1), Florida Statutes, to notify parties of any administrative hearing or judicial review of Commission orders that is available under Sections 120.57 or 120.68, Florida Statutes, as well as the procedures and time limits that apply. This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

Any party adversely affected by the Commission's final action in this matter may request:

- 1) reconsideration of the decision by filing a motion for reconsideration with the Office of Commission Clerk, 2540 Shumard Oak Boulevard, Tallahassee, Florida 32399-0850, within fifteen (15) days of the issuance of this order in the form prescribed by Rule 25-22.060, Florida Administrative Code; or
- 2) judicial review by the Florida Supreme Court in the case of an electric, gas or telephone utility or the First District Court of Appeal in the case of a water and/or wastewater utility by filing a notice of appeal with the Office of Commission Clerk, and filing a copy of the notice of appeal and the filing fee with the appropriate court. This filing must be completed within thirty (30) days after the issuance of this order, pursuant to Rule 9.110, Florida Rules of Appellate Procedure. The notice of appeal must be in the form specified in Rule 9.900(a), Florida Rules of Appellate Procedure.
