RE: Docket No. 080249-WS; Labrador Utilities, Inc.'s Application for an Increase in Water and Wastewater Rates in Pasco County, Florida
Our File No.: 30057.157

Dear Ms. Cole:

Enclosed for filing in the above-referenced docket is Labrador Utilities, Inc.'s response to Staff's Second Data Request, Item No. 1 with supporting documentation, and documentation in support of the Utility's response to Item No. 2.

Should you or the Staff have any questions regarding this filing, please do not hesitate to give me a call.

Very truly yours,

CHRISTIAN W. MARCELLI
Of Counsel

Total Estimate to Complete Through PAA:			<u>\$2,360.00</u>

**LABRADOR UTILITIES, INC.
DOCKET NO. 080249-WS
STAFF'S SECOND DATA REQUEST
RESPONSE TO ITEM NO. 1**

Staff requested the following information as part of its March 19, 2009, Second Data Request:

- 1) On MFR Schedules B-7 and B-8, Lines 1 through 3, Labrador reflects an increase for salaries & wages of \$27,551 or 143.87% for water and \$34,730 or 316.62% for wastewater. Labrador also reflects an increase of \$6,390 or 139.82% for water and \$6,148 or 134.32% for wastewater, for "employee pensions & benefits". Labrador asserts that the reason for these increases is due to "annualization, cost of living increases, and the need for additional employees." On MFR Schedules B-7 and B-8, the Utility reflects an adjusted test year amount of \$8,595 for water and \$8,410 for wastewater for Contractual Services-Other, which represents an increase of \$7,699 or 859.23% for water and \$7,517 or 841.78% for wastewater. Labrador stated that the reason for this increase was: "The need for temporary employment has increased, giving rise to this account.
 - a. Given the fact that the Utility had included pro forma salary and pensions & benefits adjustments for annualization, cost of living increases, and the need for additional employees, please explain why Labrador did not make a corresponding adjustment to decrease Contractual Services-Other for the "temporary employment" during the test year.
 - b. Please state whether the \$7,699 increase for water and \$7,517 for wastewater in Contractual Services-Other for "temporary employment" represents an unamortized amount. If not, state the term of amortization.

RESPONSE:

- (1a) While the Company believes there could be a slight decrease to this account, there have been additional WSC and Florida employees hired since the preparation of the MFR. If Staff recommends a reduction to Contractual Services – Other, an additional increase to salaries, payroll taxes, and pension and benefits must be considered. The Company also notes that only \$1,327 (\$1,502 booked plus the credit adjustment of \$175 from the allocation adjustment) of the \$17,005 is related to temporary employment. Please see the attached general ledger showing the total of \$17,024.75 from the per books numbers and (\$20.71) from the allocation adjustment. The Company is providing the entire Contractual Services –

Other general ledger and the invoices from WSC and from the regional office related to temporary employment that was allocated, as requested in the RAI, and the corresponding allocation calculations. It is also providing the allocation workpaper from which the (\$20.71) is derived. The Company will provide any additional invoices for Contractual Services – Other upon request. Please note that the regional allocation booked was incorrect for the test year, so the quarterly regional GLs provided will not tie to what was allocated. The allocable balance was never updated each quarter, and reflects the regional office balance of the first quarter in each allocation quarter. This was one of the items remedied in the allocation revision workpaper, and the revisions to this are included in the (\$20.71) amounts.

- (1b) No contractual service expense could represent an unamortized amount, because contractual services (being expenses) reside on the income statement. All of the contractual service expenses are full test year amounts, and are not part of any amortization; therefore there is no amortization period to state.

- (1) Balances are taken from 03/31/07 allocation book.
- (2) Rather than allocation book balances, these balances have been zeroed out to account for the fact that they are part of the utility's capital structure.
- (3) Balances for depreciation have been restated to reflect the correct depreciation rates.

- (1) All balances were taken from the G/L unless otherwise noted.
- (2) These balances were adjusted to reflect correct depreciation rates.
- (3) In December, depreciation began being automatically calculated by a fixed asset system.
