**Issue 2:** Should the Commission acknowledge Aqua's "Quick Take" application to amend Certificate 002-W?

**Recommendation:** Yes, the Commission should acknowledge Aqua's amendment application to expand its territory. The proposed territory is described in Attachment A of staff's memorandum dated March 26, 2009. The resultant order should serve as Aqua's amended certificate and it should be retained by the Utility. The existing charges contained in its tariff should be applied to the customers in the new territory until it is authorized by the Commission to change them in a subsequent proceeding. In addition, the Utility should be ordered to file revised tariff sheets that incorporate the additional territory within 30 days from the date of the Commission order approving the amendment.

**Issue 3:** Should this docket be closed?

**Recommendation:** Yes. If the Commission approves staff's recommendations in Issues 1 and 2, no further action will be necessary and this docket should be closed.
