ORDER ACKNOWLEDGING QUICK TAKE AMENDMENT OF CERTIFICATE  
NO. 002-W IN BREVARD COUNTY BY AQUA UTILITIES FLORIDA, INC. AND  
DECLINING TO INITIATE A SHOW CAUSE PROCEEDING

Background

Aqua Utilities Florida, Inc. (AUF or Utility) is a Class A water and wastewater utility with 82 water and wastewater systems located in sixteen counties throughout Florida. By Order No. 5033, issued January 27, 1971, we granted a water certificate for the Oakwood service area.<sup>1</sup> There has also been multiple certificate and amendment activities that have occurred over the years (see Attachment A, page 3 of 3).

On August 12, 2008, the Utility filed both its initial application and completed follow-up application for a "Quick Take" amendment to Certificate No. 002-W for certain territory at its Oakwood system in Brevard County, pursuant to Rule 25-30.036(2), Florida Administrative Code (F.A.C.). The Utility provides water service to approximately 191 customers at its Oakwood system. The Utility's service area in Brevard County is in the St. Johns River Water Management District. Bulk water is purchased from the County of Brevard. Three of these customers were recently determined to be outside of its service territory. The Utility has indicated that service to these residential customers occurred sometime between 1987 and 1996. The Utility has indicated that a petition for certificate amendments to serve these customers was overlooked. It was discovered during the 2006 rate case (Docket No. 060368-WS) that the Utility was serving outside its territory at this system. The proposed amended area is contiguous

to AUF's existing approved service territory. We have jurisdiction pursuant to section 367.045, Florida Statutes (F.S.).

#### Declining to Initiate Show Cause

As stated in the case background, AUF, is serving customers outside of its certificated territory. Section 367.045(2), F.S., states in pertinent part: "A utility may not delete or extend its service outside the area described in its certificate of authorization until it has obtained an amended certificate of authorization from the [C]ommission . . . ." If a utility is found to have knowingly refused to comply with, or to have willfully violated any provision of Chapter 367, F.S., Section 367.161(2), F.S., authorizes us to assess a penalty of not more than \$5,000 for each offense. By serving customers outside of its certificated territory without obtaining an amended certificate of authorization, the Utility's act was "willful" within the meaning of Section 367.161, F.S. In Order No. 24306, issued April 1, 1991, in Docket No. 890216-TL, In Re: Investigation Into The Proper Application of Rule 25-14.003, Florida Administrative Code, Relating To Tax Savings Refund For 1988 and 1989 For GTE Florida, Inc., we, having found that the company had not intended to violate the rule, nevertheless found it appropriate to order it to show cause why it should not be fined, stating that "[i]n our view, 'willful' implies an intent to do an act, and this is distinct from an intent to violate a statute or rule;" see also Order No. PSC-99-2390-FOF-WU, issued on December 7, 1999, in Docket No. 980543-WU, In Re: Application for amendment of Certificate No. 363-W to add territory in Marion County by Sunshine Utilities of Central Florida, Inc. (finding that the utility's apparent violation of Section 367.045, F.S., did not warrant the initiation of a show cause proceeding).

Although AUF's failure to obtain an amended certificate of authorization for its Oakwood system in Brevard County from us prior to serving outside of its certificated area is an apparent violation of Section 367.045(2), F.S., according to its application, the Utility erroneously believed that the territory in question was included in its service area. When the error was discovered, AUF filed the instant application to correct the mistake and include the territory to its service area. The Utility has indicated that throughout this time period, the calculation of the annual regulatory assessment fees (RAFs) for AUF was inclusive of all these customers.

We do not believe that the apparent violation of Section 367.045, F.S., rises in these circumstances to the level which warrants the initiation of a show cause proceeding. Therefore, we decline to initiate a show cause proceeding for AUF's failure to obtain an amended certificate of authorization prior to serving outside of its certificated territory.

#### Acknowledging Quick Take Amendment

The "Quick Take" amendment is designed to provide water and/or wastewater service quickly for areas that serve less than 25 equivalent residential connections (ERCs). The request for service territory expansion and amendment of existing certificates is considered approved when the Utility complies with Rule 25-30.036(2), F.A.C., and if no protest is timely filed to the notice of application.

On August 12, 2008, the Utility filed both its initial application and completed follow-up application for a "Quick Take" amendment to Certificate 053-W for new territory in Brevard County, pursuant to Rule 25-30.036(2), F.A.C.. The proposed territory includes three residential customers. The Utility has indicated that service to these residential customers occurred sometime between 1987 and 1996. The application is in compliance with the governing statute, Section 367.045, F.S., and other pertinent statutes and administrative rules concerning an application for amendment of certificate.

A description of the proposed territory and a list of orders identifying the Utility's authorized service territory are appended to this order as Attachment A. In addition, the application contains proof of compliance with the noticing provisions set forth in Rule 25-30.036(2), F.A.C. No objections to the application have been received and the time for filing such has expired. We have contacted the Department of Environmental Regulation and learned that there are no outstanding notices of violation issued for AUF's Oakwood water distribution system. It appears that the Utility has sufficient capacity to serve the existing and proposed customers. The Utility has filed revised tariff sheets incorporating the additional territory into its tariff. However, these tariff sheets are still incomplete, and further revision is necessary.

Based on the above information, we find that it is in the public interest to acknowledge the "Quick Take" amendment application filed by the Utility to amend its territory to reflect the area described in Attachment A. Also, existing charges contained in AUF's tariff shall be applied to the customers in the new service territory until AUF is authorized by us to change them in a subsequent proceeding. The Utility has indicated that throughout this time period, the calculation of the annual RAFs for the Utility was inclusive of all of these customers. In addition, the Utility shall file revised tariff sheets that incorporate the additional territory within thirty (30) days from the date of this order approving the amendment.

Based on the foregoing, it is

ORDERED by the Florida Public Service Commission that a show cause proceeding shall not be initiated. It is further

ORDERED that Aqua Utilities Florida, Inc.'s quick take amendment of Certificate No. 002-W to expand its certificated territory, as described in Attachment A, is acknowledged. It is further

ORDERED that this Order shall serve as Aqua Utilities Florida, Inc.'s amended certificate and shall be retained by the Utility. It is further

ORDERED that the existing charges contained in its tariff shall be applied to the customers in the new territory until Aqua Utilities Florida, Inc. is authorized to change them in a subsequent proceeding. It is further

ORDERED that Aqua Utilities Florida, Inc. shall file revised tariff sheets that incorporate the additional territory within thirty (30) days from the date of this Order. It is further

ORDERED that this docket shall be closed.

By ORDER of the Florida Public Service Commission this 27th day of April, 2009.
