Toni, I will get the numbers you have listed below entered into MCD. Thanks for your help. N

Allison, just for your information. N

090243-TX

Hey Nonnye/Allison,

It is my docket. The Consultanting Group has a new employee who wrote the wrong numbers down for us. The USA numbers for MCD are below. Disregard the Global HQ numbers.

US Office Telephone: (954) 727-3654

US Office Facsimile: (954) 727-3668

Global Headquarter T el#: 011-562-656-0000

Global Headquarter Fax#: 011-562-299-7926

Thanks Allison. I will let Toni know about this, as she is the one that usually handles the new CLEC certificate applications. Maybe she will be able to get numbers that are for the U.S. address. Again, thanks for your help. N

Toni, when you receive the new docket ⁰⁹090243-TX - Application for certificate to provide CLEC by Netline Communications Corp. the information listed below is in reference to the phone/fax numbers that are listed on their application. I have made a comment in the comment section of MCD regarding the numbers. Maybe you can get some numbers that we can list in MCD, as the way they are now, we CANNOT list international numbers. I don't believe we have ever had any, if so, its been a long time ago and were able to get numbers for the U.S. The mailing/location address is for Hallandale, FL., strange that the numbers would be "international" ones. Thanks, N

DOCUMENT NUMBER-DATE

Nonnye, disregard my other email.

This phone number is for the city Santiago in the country of Chile.

011 is the international dialing prefix. It is followed by the country code (in this case 56 for Chile), followed by a city code (in this case 2 for Santiago).

Let me know if you need more information.
