SCHEDULE "A"
DUCES TECUM

Provide all materials reviewed and relied upon by each witness in conjunction with the formation of his opinions, testimony and exhibits, along with any and all materials generated by each witness, including but not limited to the following:

- Provide all source documents and work papers for each of the numbers shown in Exhibit PJR-3, Table C-1.
- Provide full detailed calculations for each of the "CIAC Credit" amounts shown in Exhibit PJR-3, Tables C-2 through C-10.
 - To the extent necessary (i.e., not evident from the calculations provided), provide explanations of the methodology and logic for each calculation.
 - Provide any underlying assumptions (e.g., escalation factors, etc.) used in the calculations.
 - Provide all source documents supporting the underlying assumptions.
- Provide quantitative support of the relationship between underground and overhead material and equipment and the life-cycle differential costs (pages 16 and 17).
- Provide empirical support for the statement that "...life-cycle costs for OH will go up since many of the hardened facilities will cost more to maintain." (page 17, lines 19-21)
- Provide empirical evidence of the relationship of the age of facilities and effects on the life-cycle differential costs (page 31, lines 1-10 and various other locations).
