BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Petition of Florida Public Utilities) Company to resolve a territorial) dispute with Peoples Gas System)	Docket No. 080642-GU Filed: May 4, 2009
--	--

MOTION FOR EMERGENCY ORDER STAYING CONSTRUCTION

COMES NOW, Florida Public Utilities Company ("FPUC") and files this Motion for entry of an order directing Peoples Gas to cease construction on a pipeline extension and as basis states:

1. On October 15, 2008, FPUC filed a Petition to Resolve a Territorial Dispute with Peoples Gas ("Peoples"). On January 27, 2009, FPUC filed an Amended Petition which is pending before the Commission.

2. The area in dispute is in Martin County and is described in the Petition and exhibits thereto. Until recently there was no activity by Peoples to continue construction on the line which would extend into the area served by FPUC, but within the past two (2) weeks, piping and supplies have been placed in a location which indicates that construction is to commence. FPUC believes that permits for construction were recently applied for and possibly issued.

3. Despite the existence of the dispute, all indications are that Peoples intends to restart construction activity on the line that extends into the area served by FPUC. Such construction, if continued, would adversely affect FPUC and its customers and there is an immediate and urgent need to require Peoples to cease further construction activity pending resolution of the pending dispute.

4. During hearings in Docket 080318-GU, witnesses for Peoples testified that they have no customers within the disputed area nor do they have any contracts (Tr. 2218-2219).

FPSC-COMMISSION CLERK

Despite this, Peoples continues to take actions which indicate an extension of their lines into the service area of FPUC. To allow Peoples to continue installation of these lines before resolution of the dispute will irreparably harm FPUC. Once installed, the lines are in place and available for use to serve customers.

5. FPUC requests that the Commission immediately direct Peoples to cease construction of the lines which are or will be used to extend into the service area of FPUC pending resolution of the dispute. Such a directive to Peoples will not harm Peoples or deny service to any customer since there is testimony that there are no customers in that area being or to be served by Peoples. On the other hand, to allow Peoples to continue construction is inconsistent with the intent of Section 366.04, Florida Statutes, which gives the Commission the authority to resolve territorial disputes and construction should not proceed until that dispute is resolved.

WHEREFORE, for the reasons given, FPUC requests that the Commission on an expedited, emergency basis direct Peoples Gas to cease any and all work on lines extending or intended into the service area of FPUC until resolution of the pending territorial dispute.

Dated this 4th day of May, 2009.
