Re: Docket No. 090189-SU - Application for original certificate for a proposed wastewater system and request for bifurcation in Franklin County by Water Management Services, Inc.

Dear Ms. Rudder:

I am writing in response to your enclosed letter dated May 25, 2009, in which you asked that I represent you in Docket No. 090189-SU regarding Waste Management Services, Inc.'s application for a certificate to provide wastewater service on St. George Island. As I believe this letter was inadvertently sent to me, I am forwarding it to Stephen Reilly with the Office of Public Counsel.

If you have any questions or concerns, or if Stephen Reilly was not the intended recipient of your letter, please do not hesitate to contact me at (850) 413-6076 or anwillia@psc.state.fl.us.

Sincerely,

Re: Docket No. 090189-SU - Application for original certificate for a proposed
wastewater system and request for bifurcation in Franklin County by
Water Management Services, Inc.

Dear Ms Williams

I have written a letter to the Public Service Commission expressing my strong opposition to the above referenced application. As a result, I received a Certified Letter outlining the next steps I need to take to proceed with my objection to a centralized sewer system on St. George Island.

I am not in a position to represent myself in this matter. Therefore, I am asking for your help. Could you please represent me and others who are working to prevent a system that will negatively impact and alter the environment and quality of life on St. George Island and in Franklin County?

Thank you for your consideration. Your help would be greatly appreciated.

Sincerely,

Karen Rudder
