Dear Ms. Bayo:

Enclosed are the following revised rate schedules in quadruplicate for the Commission's approval:

Rate Schedule INT	Revised Sheet No. 10.23
Rate Schedule INT-T	Revised Sheet No. 10.30
Rate Schedule INT-C	Revised Sheet No. 10.37

The Rate Schedule is in both administrative and final format.

These rate changes are a result of a recently approved interim rate increase for Progress Energy. Seminole Electric Cooperative, Inc. uses Progress Energy's retail interruptible rates as part of their wholesale rate offering to Cooperatives for interruptible customers. This interim rate will be passed through Seminole to Clay in the wholesale rate beginning with July 1<sup>st</sup> usage. The rate changes impact three (3) interruptible customers, and will amount to an overall rate increase of about 3%.

These rate changes are scheduled to be reviewed and approved by Clay's Board of Directors at their regularly scheduled meeting June 30, 2009. The revised schedules are planned to be effective July 1, 2009.

INTERRUPTIBLE SERVICE

RATE SCHEDULE - INT

Term of Payment:

Cash, within the time limit specified on the bill and at Cooperative designated locations, or as otherwise specified in the agreement for electric service.

Wholesale Rate Adjustment:

The charges and provisions contained herein are predicated upon the Cooperative purchasing power and energy from Seminole under its wholesale member rates in effect at the date set forth below. Should there be any change in such wholesale rates, the Cooperative reserves the right to modify the charges and provisions contained herein accordingly.

Effective with July 2009 usage on an interim basis an increase of 10.03% shall apply to the following base rate charges: 1) Consumer charge, 2) Demand charge, 3) Delivery Voltage Credit, 4) Metering Voltage Adjustment.

Term of Service:

The term of service shall be as set forth in the agreement for electric service between the Cooperative and the consumer, but not less than five years.

Meter and Control Equipment:

The Cooperative or its designee shall provide the consumer with the necessary metering equipment for measuring interruptible service, as well as equipment required for control of interruptions. Metering equipment shall include time interval demand recording and shall be equipped for remote meter reading over dial-up telephone service from Seminole. The responsibility for the installation and maintenance of metering and control equipment owned by the Cooperative or its designee shall be set forth in the Service Agreement. The Cooperative shall read meters monthly, or cause meters to be read monthly. The Cooperative or its designee shall test and calibrate meters, or shall cause such meters to be tested and calibrated, by comparison with accurate standards at intervals of twelve (12) months. The Cooperative or its designee shall also make or cause to be made special meter tests at any time at the consumer's request. The costs of all tests shall be borne by the Cooperative provided, however, that if any special meter test made at the consumer's request shall disclose that the meters are recording accurately. The consumer shall reimburse the Cooperative for the cost of such test. Meters registering not more than two percent (2%) above or below normal shall be deemed to be accurate. The readings of any meter which shall have been disclosed by test to be inaccurate shall be corrected for the thirty (30) days previous to such test in accordance with the percentage of inaccuracy found by such test. If any meter shall fail to register for any period, the Cooperative and the consumer shall agree as to the amount of power and energy furnished during such period and the Cooperative shall render a bill therefore.

Miscellaneous.

In addition to all other rates and charges stated herein, the consumer shall reimburse the Cooperative for all charges billed to the Cooperative by Seminole any other costs specifically pertaining to service rendered under this rate schedule.
