BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

For issuance of a storm recovery financing order)

Docket No. 060038-EI
Filed: June 18, 2009

**FIRST REQUEST FOR EXTENSION OF CONFIDENTIAL CLASSIFICATION
OF MATERIALS PROVIDED PURSUANT TO AUDIT NO. 05-292-4-1**

NOW BEFORE THIS COMMISSION, through the undersigned counsel, comes Florida Power & Light Company ("FPL") and, pursuant to Rule 25-22.006 of the Florida Administrative Code and Section 366.093 of the Florida Statutes, hereby submits its First Request for Extension of Confidential Classification of certain material provided to the Florida Public Service Commission ("FPSC" or "Commission") staff ("Staff") in connection with Audit No. 05-292-4-1 (the "Audit"). In support of this First Request for Extension of Confidential Classification, FPL states as follows:

1. On April 3, 2006, as revised on June 13, 2006, FPL filed its Request for Confidential Classification of certain materials obtained during the Audit, along with Exhibits A, B, C, and D. FPL adopts and incorporates by reference its previous request and exhibits.

2. By Order No. PSC-07-1006-CFO-EI, dated December 18, 2007, the Commission granted FPL's April 3, 2006 Request as revised.

3. The period of confidential treatment granted by Order No. PSC-07-1006-CFO-EI will soon expire. Some of the information that was the subject of FPL's April 3, 2006 Request warrants continued treatment as proprietary and confidential business information within the meaning of Section 366.093(3), Florida Statutes. Accordingly, FPL hereby submits its First Request for Extension of Confidential Classification.

4. Included herewith and made a part hereof is a Revised Exhibit C to reduce the amount of information for which confidential treatment is sought. Also included is a Revised

Exhibit D which contains the affidavits of Edward Bowman, Michael Spoor, Robert Onsgard and D.K. White.

5. FPL submits that the information identified in Revised Exhibit C continues to be proprietary confidential business information within the meaning of Section 366.093(3), Florida Statutes. Pursuant to Section 366.093, such materials are entitled to confidential treatment and are exempt from the disclosure provisions of the public records law. Thus, once the Commission determines that the information in question is proprietary confidential business information, the Commission is not required to engage in any further analysis or review such as weighing the harm of disclosure against the public interest in access to the information.

6. As the affidavits provided herewith indicate, the information that FPL asserts is proprietary and confidential business information includes internal auditing controls and reports of internal auditors. This information is protected from public disclosure pursuant to Section 366.093(3)(b), Florida Statutes. Certain other information concerns contractual vendor data such as pricing and other terms, the disclosure of which would impair the efforts of FPL to contract for goods and services on favorable terms in the future, to the detriment of FPL and its customers. This information is protected from public disclosure pursuant to Section 366.093(3)(d). This information is also competitively sensitive insofar as FPL's contractors and vendors are concerned. This competitively sensitive information is proprietary confidential business information protected pursuant Section 366.093(3)(e).

7. FPL requests that this information be accorded continued confidential classification for an additional 18-month period. Nothing has changed since the issuance of Order No. PSC-07-1006-CFO-EI to render the information stale or public, such that continued confidential treatment would not be appropriate. FPL further requests that the information be

returned to FPL as soon as it is no longer necessary for the Commission to conduct its business.
See § 366.093(4), Fla. Stat.

WHEREFORE, for the above and forgoing reasons, as more fully set forth in the supporting materials and affidavits included herewith and incorporated herein by reference, Florida Power & Light Company respectfully requests that its First Request for Extension of Confidential Classification be granted.

Respectfully submitted,

Docket No. 060038-E1

STATE OF FLORIDA)

COUNTY OF PALM BEACH)

AFFIDAVIT OF MICHAEL G. SPOOR

BEFORE ME, the undersigned authority, personally appeared Michael G. Spoor who, being first duly sworn, deposes and says:

1. My name is Michael G. Spoor. I am currently employed by Florida Power & Light Company ("FPL") as Director, Business Services Distribution. My business address is 15430 Endeavor Drive, Jupiter, FL 33478. I have personal knowledge of the matters stated in this affidavit.

2. With respect to Exhibit C, I have reviewed the documents and information for which I am listed as Affiant and which are included in Exhibit A to FPL's Request for Confidential Classification regarding Audit No. 05-292-4-1. Documents or materials that I have reviewed and which are asserted by FPL to be proprietary confidential business information contain or constitute contractual vendor data, such as pricing and other terms, the disclosure of which would impair the efforts of FPL to contract for goods or services on favorable terms in the future to the detriment of FPL and its customers. Additionally, certain information claimed confidential contains or constitutes competitively sensitive data, the disclosure of which could impair the competitive business of the provider of the information. To the best of my knowledge, FPL has maintained the confidentiality of these documents and materials.

3. No significant changes have occurred since the issuance of Order No. PSC-07-1006-CFO-EI to render the information stale or public such that continued confidential information treatment would not be appropriate. Accordingly, this information should continue to be maintained as confidential for an additional period of not less than eighteen months. In addition, these materials should be returned to FPL as soon as the information is no longer necessary for the Commission to conduct its business so that FPL can continue to maintain the confidentiality of these documents.

4. Affiant says nothing further.
