

VOTE SHEET

July 14, 2009

Docket No. 090150-EQ – Petition for approval of a modification to existing negotiated renewable energy contract with Solid Waste Authority of Palm Beach County, by Florida Power & Light Company.

Issue 1: Should the Commission approve the modified negotiated renewable energy contract between Florida Power & Light Company and the Solid Waste Authority of Palm Beach County for the purchase of firm capacity and energy?

Recommendation: Yes. Payments for energy are expected to produce savings of between \$60.2 and \$72.4 million over the term of the contract. Upon a showing by FPL that expenses for purchased power under the negotiated renewable energy contract were reasonable and prudently incurred, FPL should be permitted to recover those costs through the fuel clause.

APPROVED
