Re: Utilities, Inc. of Longwood
2009 General Rate Increase Application
Our File No. 30057.176

Dear Chairman Carter:

This letter, pursuant to Rule 25-30.430, Florida Administrative Code, requests approval of a test year for Utilities, Inc. of Longwood (the "Company"). The Company intends to submit an application for general rate relief to the Florida Public Service Commission for its wastewater systems located in Seminole County, Florida. The Company intends to submit the minimum filing requirements ("MFRs") on or before September 30, 2009.

The Company's last rate proceeding was in Docket No. 871059-SU, utilizing a test year ending December 31, 1987, which culminated in Order No. 20779 dated February 20, 1989. Rate base was last set in the order authorizing the transfer to Utilities, Inc., Order No. PSC-96-0448-FOF-SU, dated March 29, 1996.

The Company requests an historic test year ending December 31, 2008. The requested test year is representative of a normal full year of operation.

Since the Company's last rate proceeding, the Company has made major changes to plant and equipment for its wastewater system, specifically, the implementation of accounting and billing software/hardware, increased operating expenses that are not pass-through related, and capital investments such as the purchase and installation of an

emergency generator at the wastewater treatment plant, replacement of control panels, pumps, piping and valves at various lift stations, safety improvements at the wastewater treatment plant and lift stations, and modifications and improvements made to the wet wells at various lift stations, manholes and treatment plant structures.. Within that same period of time, there have been no major changes in operational methods.

The Company does not propose to make major pro forma plant additions.

Pursuant to Section 367.081(8), Florida Statutes, the Company requests that the Commission process this petition for rate relief using the proposed agency action procedure. The Company also will request interim rates based on the historic test year.

Should you or members of the Staff have any questions regarding this request, please do not hesitate to contact me.

Very truly yours,

CHRISTIAN W. MARCELLI

Re: Utilities, Inc. of Longwood
2009 General Rate Increase Application
Our File No. 30057.176

Dear Chairman Carter:

Pursuant to Rule 25-30.430, Florida Administrative Code, Utilities, Inc. of Longwood supplements its test year approval request to add one pro forma item. The project concerns the correction of collection system deficiencies in the Longwood Groves Subdivision to reduce inflow and infiltration. The estimated cost is \$200,000.00. Completion is anticipated within 24 months of the test year requested.

Should you or members of the Staff have any questions or concerns, please do not hesitate to contact me.

Very truly yours,

CHRISTIAN W. MARCELLI
