**TO THE CUSTOMERS OF
FLORIDA PUBLIC UTILITIES COMPANY**

RE: Docket No. 080366-GU – Application for a Rate Increase by Florida Public Utilities

On December 17, 2008, Florida Public Utilities Company (FPUC) filed a Petition with the Florida Public Service Commission (PSC) seeking approval to increase natural gas rates and charges to produce an additional \$9,917,690 in annual revenues. On February 10, 2009, the FPSC approved an interim increase of \$984,054, effective for meter readings on or after March 12, 2009. The Commission Staff reviewed the schedules filed by the Company, audit reports and additional data requested by the parties. On May 5, 2009, the Commission reviewed and discussed the Recommendation of Staff which was based on the record in this docket. As a result, FPUC has been authorized to increase its rates and charges to produce additional annual revenues of \$8,496,230. In order to produce the additional revenue, the PSC has approved increases in various rates and charges effective for meter readings on or after June 4, 2009. The following table provides a comparison of the rates in effect at the time the petition was filed with the recently approved rates:

Late Payment Charge	A bill shall be considered past due upon the expiration of twenty (20) days from the date of mailing or other delivery thereof by Company. The balance of all past due charges for services rendered are subject to a Late Payment Charge of 1.5% or \$5.00, whichever is greater, except the accounts of federal, state, and local governmental entities, and agencies. A Late Payment Charge shall be applied to the accounts of federal, state, and local government entities at a rate no greater than allowed, and in a manner permitted by applicable law.						

FPUC makes it easy for homeowners to use energy-efficient, domestically produced natural gas by offering energy conservation programs. These programs offer valuable cash rebates to customers who install high-efficiency natural gas appliances. An individual residence can earn \$1,350 or more in cash rebates. For more information on the company's energy efficiency programs, visit online: www.fpuc.com.
