PINE HARBOUR WATER UTILITIES, LLC – PROPOSED TARIFF CHANGES
MISCELLANEOUS SERVICE CHARGES

Dear Ms. Cole:

Attached please find the proposed changes to the Miscellaneous Service Charges for the above referenced Utility. The proposed changes were never incorporated into the Tariff since the utility began. The cost of fuel, labor and repairs has skyrocketed. In this regard, we are requesting that charges be allowed in the Miscellaneous Services Charge section to allow for the listed items. In addition, we are also requesting approval for a Customer Late Fee and Meter Tampering Fee, the reason being to encourage timely payments of customer bills and to discourage customers from tampering with turned off meters. A discussion with other area utilities has determined our cost request.

I appreciate your assistance regarding this matter. Please feel free to call me with any questions pertaining to this matter. Your approval of our request will be greatly appreciated.

Very truly yours,

Sandra Wesson

REQUEST FOR METER TAMPERING OF \$50.00 PLUS REPAIRS

This charge would cover the cost of a service representative special premises visit to establish that a meter was tampered with. Any costs involved in repairing the meter, piping or meter box will be passed on to the premises owner.

We feel the customers who are diligent in paying their bills should not have to bear the directly related costs of these repairs.
