IN RE: NUCLEAR POWER PLANT COST
RECOVERY CLAUSE

Docket No. 090009-EI
Submitted for Filing: August 12, 2009

**UNVERIFIED AFFIDAVIT OF GARRY MILLER IN SUPPORT OF PROGRESS
ENERGY FLORIDA'S SIXTEENTH REQUEST FOR CONFIDENTIAL
CLASSIFICATION**

STATE OF _____

COUNTY OF _____

BEFORE ME, the undersigned authority duly authorized to administer oaths, personally appeared Garry Miller, who being first duly sworn, on oath deposes and says that:

1. My name is Garry Miller. I am over the age of 18 years old and I have been authorized by Progress Energy Florida (hereinafter "PEF" or the "Company") to give this affidavit in the above-styled proceeding on PEF's behalf and in support of PEF's Thirteenth Request for Confidential Classification. The facts attested to in my affidavit are based upon my personal knowledge.

2. I am the General Manager, Nuclear Plant Development at Progress Energy Carolina. As such, I am responsible for new nuclear plant development in both the Carolinas and Florida, including the siting, licensing, engineering, construction, an overall management of PEF's proposed Levy Nuclear Power Plants, the Levy Nuclear Project ("LNP"). Specifically, my responsibilities include, but are not limited to, scheduling, contracts, commercial matters, training, document control, records management, and project management. All major contracts approved to date on the LNP, and for Nuclear Plant Development, have been under my management and responsibility.

3. PEF is seeking confidential classification of portions of the Direct Testimony of William R. Jacobs, Jr., given in the above referenced docket on July 15th, 2009 (the "Testimony"). A detailed description of the confidential information at issue is contained in confidential Attachment A to PEF's Request for Confidential Classification and is outlined in PEF's Justification Matrix that is attached to PEF's Request as Attachment C. PEF is requesting confidential classification of this information because it contains confidential and proprietary information related to the Company's competitive business interests, including contractual terms and agreements that are subject to contractual confidentiality provisions.

4. Specifically, the Testimony includes information regarding the contractual agreements necessary for the success of the Levy Nuclear Project ("LNP"), including specifically the EPC. The Testimony discusses the negotiations that took place prior to entering into the EPC, including the Company's reasons for entering in the contract on December 31, 2008. This information, including the specific contractual terms, is subject to the confidentiality provision of the EPC. Furthermore, the Testimony describes and discusses PEF Board of Directors meetings, including presentations made at such meetings and the discussions and strategies that resulted. The release of this information would harm the Company's competitive business interests by offering competitors and potential suppliers valuable insight into the PEF's strategies going forward. Disclosure of the Company's plans and strategies regarding the LNP could result in potential suppliers, vendors, and/or purchasers of services required for successful completion of the LNP changing their position in future negotiations with PEF. Furthermore, PEF's competitors for like products and services would gain valuable information regarding the LNP that could result in PEF being at a competitive disadvantage with respect to commonly sought after goods and materials. Without PEF's measures to maintain the confidentiality of

sensitive information in these documents, the Company's efforts to obtain competitive contracts and to obtain competitively priced goods and services would be undermined.

5. Upon receipt of this confidential information, and with its own confidential information, strict procedures are established and followed to maintain the confidentiality of the documents and information provided, including restricting access to those persons who need the information to assist the Company, and restricting the number of persons who access to the information. At no time since receiving the information in question has the Company publicly disclosed that information. The Company has treated and continues to treat the information at issue as confidential. Additionally, PEF has provided this information in response to various discovery requests throughout this proceeding, and at all times the Company has maintained the confidentiality of the information at issue.

6. This concludes my affidavit.

Further affiant sayeth not.

Dated the ___ day of August, 2009.

GARRY MILLER, General Manager
Nuclear Plant Development

100 E. Davie Street TPP 15
