) AFFIDAVIT OF ALISSA E. BALLOT
COUNTY OF PALM BEACH)

BEFORE ME, the undersigned authority, personally appeared Alissa E. Ballot who, being first duly sworn, deposes and says:

1. My name is Alissa E. Ballot. I currently serve as Vice President & Corporate Secretary of FPL Group, Inc. ("FPL Group") and Vice President & Corporate Secretary of Florida Power & Light Company ("FPL"). I have personal knowledge of the matters stated in this affidavit.

2. With respect to Exhibit C, I have reviewed the documents and information for which I am listed as Affiant that are included in Exhibit A to FPL's Request for Confidential Classification of materials provided pursuant to Audit No. 09-028-4-1, which documents or materials are Florida Public Service Commission auditors' notes ("FPSC Auditors' Notes") relating to actions taken by the FPL board of directors, as set forth in FPL board minutes and consents. Such actions, minutes and consents, and therefore the FPSC Auditors' Notes related thereto, are considered by both FPL Group and FPL to be highly sensitive, proprietary confidential business information. To the best of my knowledge, FPL Group and FPL have maintained the confidentiality of the minutes and consents reflecting the actions taken by the FPL board of directors.

3. Consistent with the provisions of the Florida Administrative Code, the FPSC Auditors' Notes should remain confidential for a period of not less than 18 months. In addition, they should be returned to FPL Group or FPL as soon as the information is no longer necessary for the Commission to conduct its business so that FPL Group and FPL can continue to maintain the confidentiality of FPL's board minutes and consents.

4. Affiant says nothing further.

1. My name is Damaris Rodriguez. I am currently employed by Florida Power & Light Company ("FPL") as Manager of Cost Recovery Clauses in the Regulatory Affairs Department. I have personal knowledge of the matters stated in this affidavit.

2. I have reviewed Exhibit C, and the documents that are included in Exhibit A to FPL's Request for Confidential Classification of Information Obtained in Connection with Audit No. 09-028-4-1. The documents or materials that I have reviewed and which are asserted by FPL to be proprietary confidential business information contain or constitute customer-specific account information. It is FPL's corporate policy not to disclose customer-specific information. This policy includes, but is not limited to: customer names, addresses, telephone numbers, account numbers, rates, billing determinants (kW and kWh usage), conservation savings in kW, kWh and bills. FPL treats such information as confidential and does not disclose it, except as required by law, to entities or persons other than the customer absent the customer's consent. Additionally, this information may be competitively sensitive to certain customers. To the best of my knowledge, FPL has maintained the confidentiality of these documents and materials.

AFFIDAVIT OF ANITA SHARMA

BEFORE ME, the undersigned authority, personally appeared Anita Sharma who, being first duly sworn, deposes and says:

1. My name is Anita Sharma. I am currently employed by Florida Power & Light Company ("FPL") as Manager, DSM Cost and Performance. My business address is 9250 West Flagler Street, Miami Florida, 33174. I have personal knowledge of the matters stated in this affidavit.

2. I have reviewed Exhibit C and the documents that are included in FPL's Request for Confidential Classification of Information Provided Pursuant to Audit No. 09-028-4-1 for which I am identified as the affiant. Such documents or materials that I have reviewed and which, in whole or in part, are asserted by FPL to be proprietary confidential business information, contain or constitute information related to bids or contractual vendor data, such as pricing and other terms, the disclosure of which would impair the efforts of FPL to contract for goods or services on favorable terms in the future, to the detriment of FPL and its customers. Also, certain documents contain competitively sensitive data, the disclosure of which could impair the competitive business of the provider of the information. Public disclosure of this information would also impair FPL's competitive interests because possession of this information by potential future suppliers of services would allow them to undermine the effectiveness of FPL's competitive bidding processes, resulting in higher costs to FPL and FPL's customers. Certain documents also contain customer-specific information. It is FPL's corporate policy not to disclose customer-specific information. This policy includes, but is not limited to: customer names, addresses, telephone numbers, account numbers, rates, billing determinants (kW and kWh usage), conservation savings in kW, kWh and bills. FPL treats such information as confidential and does not disclose it, except as required by law, to entities or persons other than the customer absent the customer's consent. Additionally, this information may be competitively sensitive to certain customers. To the best of my knowledge, FPL has maintained the confidentiality of these documents and materials.

3. Consistent with the provisions of the Florida Administrative Code, these documents should remain confidential for a period of not less than 18 months. In addition, they should be returned to FPL as soon as the information is no longer necessary for the Commission to conduct its business, so that FPL can continue to maintain the confidentiality of these documents.
