## NOTICE OF COMPLIANCE VIOLATION

TO: ALL RESIDENTS OF THE NALCREST, LAKESHORE AREA  
COMMUNITIES INCLUDING GRANADA CONDOS, WALDEN  
SHORES MHP, AND VILLAGE GREEN APTS.

(This notice is to be posted for seven days)  
9/8/09 - 9/15/09

COMMISSION  
CLERK

09 SEP 10 AM 10:06

RECEIVED-FPSC

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not your drinking water meets health standards. During July 1 thru the 31, we did not monitor or test for bacteriological contaminants, and therefore cannot be sure of the quality of your drinking water during that time.

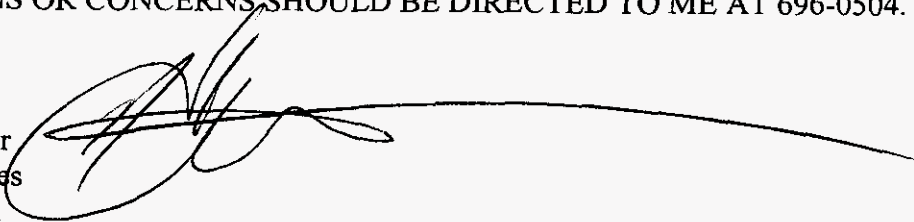

The above statement is required by statute to be included in this notice, but it is not entirely true. We tested for bacteriological contamination on July 14<sup>th</sup> and 15<sup>th</sup> for clearance of a boil water notice issued because of a low pressure situation due to a pump failure at the water plant, which you participated in. The results of those tests came back satisfactory and were approved by the Polk County Health Department. The reason this notice is being posted is because, the samples taken for analysis were not bacteriological compliance samples they were bacteriological clearance samples. The difference between bacteriological compliance samples and bacteriological clearance samples is how they are categorized (filed).

We have sampled for Bacteriological compliance for the month of August and have met the requirements of the Polk county health department.

**There are no known bacteriological contaminates in your drinking water at this time.** We take water quality very seriously and we work around the clock to ensure safe drinking water at every tap.

ANY QUESTIONS OR CONCERNS SHOULD BE DIRECTED TO ME AT 696-0504.

Nathan Eckstein  
Facility Supervisor
