COMMISSIONER EDGAR

Re: Docket No. 080677-EI
In re: Petition for rate increase by Florida Power & Light Company
Proposed Schedule

Dear Chairman Carter,

I am writing to follow up on my letter dated September 22, 2009, concerning the remaining schedule for the technical hearing in Florida Power & Light Company's ("FPL's") rate case, Docket No. 080677-EI. It has come to my attention that the technical hearing in the Progress Energy Florida, Inc. ("PEF") rate case (Docket No. 090079-EI) is progressing rapidly, opening the possibility that it will not require all of the scheduled hearing days. In view of the critical importance of concluding FPL's rate case as quickly as possible, FPL asks that you make available any unused PEF hearing dates for continuing FPL's rate case hearing.

I recognize that the Commission cannot be certain how many of the PEF hearing days will be unused and that continuing FPL's rate case hearing in those days would thus entail short notice. At this time, however, it appears that there is a good likelihood that the PEF hearing will end on Wednesday, September 30. As a result, we would propose that FPL's hearing be scheduled to reconvene on Thursday, October 1, contingent on the completion of the Progress hearing on September 30, with the goal of completing the FPL hearing on October 1 and 2 and (if needed) Saturday, October 3. Given the efficient and timely manner in which the PEF hearing is proceeding, it appears reasonable to be able to plan to complete FPL's hearing within this time frame.

If you concur with this approach, I ask that the Commission provide notice of the intended dates for completing the FPL hearing as soon as possible. To further ensure adequate notice to all parties, FPL also proposes that, if the PEF hearing concludes after 5

The Honorable Matthew M. Carter II,
Chairman, Florida Public Service Commission

PM on September 30, then the FPL hearing would not re-convene until 1 PM on October 1.

I ask that you carefully consider this proposal, as it could significantly ameliorate the scheduling problems that we are all facing currently. Of course, if there are variations on FPL's proposal that would accomplish the same end in a manner that better suited the Commission's needs, FPL would pledge to work to accommodate those variations.

Sincerely,

A handwritten signature in black ink, appearing to read "R. Wade Litchfield". The signature is fluid and cursive, with a long horizontal stroke at the end.

R. Wade Litchfield
