RE: 63.71 Application of Network Telephone Corporation d/b/a Cavalier Business Communications discontinuance of service

We have received notice about the above discontinuance by Cavalier Business Communication on October 13, 2009 that effective November 15th, 2009 that they will no longer provide telecommunication service & internet service to our Gainesville office location. Unfortunately, based on our Company's office location, it is difficult to find telephone & internet requirements that meets our needs. We have contracted with another provider today (October 14, 2009), but there are no existing utility connection in place and it will need to be constructed. Based off their initial estimate, it could be 60 days until this can be permitted & constructed.

The November 15th, 2009 date is **unacceptable** to our company and we request the FCC to extend the discontinuance of service until at **least** December 15th, 2009 at the earliest.

Sincerely,

William Kent
President

CC: FCC, Cavalier Business Communications
