Re: Docket No. 090521-WS; North Ft. Myers Utility Inc.'s application for amendment to extend its water and wastewater service area in Charlotte County, FL

Dear Mr. Eubanks:

Enclosed is a copy of North Ft. Myers Utility, Inc.'s application for amends of its water and wastewater service area. This utility has an approved service area in Lee County and this application is seeking approval to cross county boundaries into Charlotte County. Pursuant to the Memorandum of Understanding between the Department of Community Affairs (DCA) and the Public Service Commission (PSC), the DCA has agreed to provide input on the need for service and comprehensive plan consistency related to applications for certificate amendments filed with the PSC.

This application is for the addition of 1550 acres to the Utility's service area, essentially between U. S. Highway 41 on the west and I-75, just north of the Lee County line. No part of the Utility's current service area is in Charlotte County.

Tom Walden on my staff is assigned to this docket. If you have any questions, you can contact him at 850-413-6950.

Sincerely yours,

Patti Daniel,
Public Utilities Supervisor
