In re: Nuclear cost recovery clause.

DOCKET NO. 090009-EI
ORDER NO. PSC-09-0829-CFO-EI
ISSUED: December 16, 2009

ORDER GRANTING FLORIDA POWER & LIGHT COMPANY'S
REQUEST FOR CONFIDENTIAL CLASSIFICATION
(DOCUMENT NO. 08272-09)

On August 10, 2009, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006(3), Florida Administrative Code (F.A.C.), Florida Power & Light Company (FPL) filed a request for confidential classification of Exhibit SDS-5 to the pre-filed rebuttal testimony of Steven D. Scroggs (Document No. 08272-09). This request was filed in Docket No. 090009-EI.

Request for Confidentiality

Section 366.093(1), F.S., provides that "any records received by the Commission which are shown and found by the Commission to be proprietary confidential business information shall be kept confidential and shall be exempt from Section 119.07(1) [the Public Records Act]." Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Paragraphs (d) and (e) of Section 366.093(3) F.S., provide that proprietary confidential business information includes, but is not limited to "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms;" and "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information."

FPL contends that its Exhibit SDS-5 contained in the pre-filed rebuttal testimony of Steven D. Scroggs, as more specifically described in the table in Attachment A, falls within these categories and, thus, constitutes proprietary confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006(3), F.A.C. FPL states that this information is intended to be and is treated by FPL as private and has not been publicly disclosed. FPL specifically contends that the information is contractual data concerning engineering services, the public disclosure of which would violate the nondisclosure terms of FPL's contract with its vendor and impair FPL's ability to contract for goods or services on favorable terms in the future. FPL claims the information is also competitively sensitive in nature, and if disclosed, could harm the competitive business of the provider of the information.

Ruling

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information constitutes “[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms;” and “[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.” Moreover, none of the documentation discussed herein contains information regarding the compensation of FPL executives. Thus, the information contained in Document No. 08272-09, as more specifically described in Attachment A, shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless FPL or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is

ORDERED by Commissioner Nathan A. Skop, as Prehearing Officer, that Florida Power & Light Company’s Request for Confidential Classification of information contained in Document No. 08272-09, as described in Attachment A, is granted. It is further

ORDERED that the information in Document No. 08272-09 for which confidential classification has been granted shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Nathan A. Skop, as Prehearing Officer, this 16th day of December, 2009.

NATHAN A. SKOP
Commissioner and Prehearing Officer

This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

Mediation may be available on a case-by-case basis. If mediation is conducted, it does not affect a substantially interested person's right to a hearing.

Any party adversely affected by this order, which is preliminary, procedural or intermediate in nature, may request: (1) reconsideration within 10 days pursuant to Rule 25-22.0376, Florida Administrative Code; or (2) judicial review by the Florida Supreme Court, in the case of an electric, gas or telephone utility, or the First District Court of Appeal, in the case of a water or wastewater utility. A motion for reconsideration shall be filed with the Office of Commission Clerk, in the form prescribed by Rule 25-22.060, Florida Administrative Code. Judicial review of a preliminary, procedural or intermediate ruling or order is available if review of the final action will not provide an adequate remedy. Such review may be requested from the appropriate court, as described above, pursuant to Rule 9.100, Florida Rules of Appellate Procedure.
