RE: ^{WU 864} Virginia City Utility System / Pasco County, Florida
Transfer to Governmental Authority - Effective 12/23/09
Certificate No: 149W

Dear Honorable Commission:

Please find enclosed one original and five copies of the Application For Transfer to Governmental Authority completed on the format approved by your office. The utility system as referenced was sold to the Florida Governmental Utility Authority (FGUA) with sale closing on 12/23/09. I understand that previous unrelated dockets filed with the Commission have established the FGUA as a Governmental Authority fully acknowledged by your office, and therefore no additional documentation is provided in that regard.

I am hopeful that you will find all items completed in good standing with regulatory requirements. I will be available to assist the Commission with any questions or clarifications needed. I can be reached at 727-848-8292 at any time. Please also find enclosed 2009 Regulatory Assessment Fees.

Respectfully,

Gary Deremer
President

**AGREEMENT FOR PURCHASE AND SALE OF
WATER ASSETS**

THIS AGREEMENT FOR PURCHASE AND SALE OF WATER ASSETS ("Agreement") is made as of this ____ day of November, 2009 by and between **Holiday Utility Company, Inc.**, a Florida corporation, **Colonial Manor Utility Company**, a Florida corporation, **Community Utilities of Florida, Inc.**, a Florida corporation, and **Pasco Utilities, Inc.**, a Florida corporation, **D & D Property Partners, Inc.**, a Florida corporation (hereinafter collectively referred to as "Seller"), and the **Florida Governmental Utility Authority**, a legal entity and public body created by interlocal agreement pursuant to Section 163.01(7)(g), Florida Statutes ("Purchaser").

WHEREAS, Seller owns and operates potable water supply, transmission, and distribution systems (collectively, the "Utility System"), all of which are located in Pasco County, Florida, and known as the Pasco Utilities, Inc. system, the Virginia City Utility Company, the Dixie Groves Utility Company, Colonial Manor Utility Company, and the Holiday Utility system (hereinafter collectively referred to as the "Consolidated Systems"); and

WHEREAS, Seller had no intention of selling its utility assets, but received the threat of condemnation of its utility assets by a member of the Purchaser, which threat Seller determined it was inadvisable to resist and incur unnecessary time and expenses in defense of such proceedings, but instead, in lieu of condemnation, agreed to negotiate an amicable resolution of the threat of condemnation by entering into this Agreement; and

WHEREAS, the Purchaser, pursuant to section 163.01, Florida Statutes (the "Florida Interlocal Cooperation Act") and an interlocal agreement entered into and adopted by Pasco County, among other local governments (the "Interlocal Agreement"), agreed to acquire the utility assets of Seller and the Purchaser has the power and authority to provide potable water and wastewater infrastructure and service throughout the State of Florida; and

WHEREAS, Seller agrees to sell and Purchaser desires to purchase the Utility System of Seller for the consideration and on the terms and subject to the conditions set forth in this Agreement; and

WHEREAS, prior to Closing hereon, Purchaser will hold a public hearing as required by law on the proposed purchase contemplated hereby to determine whether or not such purchase is in the public interest.

NOW, THEREFORE, in consideration of the foregoing recitals and benefits to be derived from the mutual covenants contained herein, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Seller and Purchaser hereby agree to sell and purchase the Utility System upon the following terms and conditions:

1. **RECITALS.** The foregoing recitals are true and correct and are incorporated herein.

2. COVENANT TO PURCHASE AND SELL; DESCRIPTION OF PURCHASED ASSETS.

- a. Purchaser shall buy from Seller, and Seller shall sell to Purchaser, the Purchased Assets (as defined below) upon the terms, and subject to the conditions precedent, set forth in this Agreement.
- b. "Purchased Assets" means all of Seller's rights, title, and interest in and to all assets, business properties, and rights, both tangible and intangible, constituting the Utility System, including, but not limited to, Seller's rights, title, and interest in and to the following (but excluding the "Excluded Assets, as defined in Article 2.c. below):
 - i. The real property and interests in real property owned and held by Seller, in fee simple, and all buildings and improvements located thereon, as identified in Exhibit "A" to this Agreement ("Real Property").
 - ii. All easements, licenses, prescriptive rights, rights-of-way and rights to use public and private roads, highways, canals, streets and other areas owned or used by Seller for the construction, operation and maintenance of the Utility System including, but not limited to, those identified in Exhibit "B" to this Agreement.

All water distribution facilities, water treatment facilities, wells, distribution facilities of every kind and description whatsoever that constitute part of the Utility System, including but not limited to generators, pumps, plants, tanks, distribution mains, supply pipes, valves, meters, meter boxes, service connections and all other physical facilities, equipment and property installations owned by Seller and used in connection with the Utility System, wherever they may be stored, together with all additions or replacements thereto, including, but not limited to those identified in Exhibit "C" to this Agreement.
 - iv. The following, but only to the extent that Seller's right, title, or interest is transferable: (1) all certificates, permits, license rights, consents, grants, leaseholds, and similar rights relating to the construction, maintenance, and operation of the Utility System and its plants and systems for the procuring, storage and distribution of potable water, and every right of every character whatever in connection therewith, subject to the obligations thereof (collectively, the "Certificates"); and (2) all water rights and riparian rights and all renewals, extensions, additions or modifications of any of the foregoing; together with all rights granted to Seller under the foregoing Certificates, including, but not limited to those identified in Exhibit "D" to this Agreement. Exhibit "D" shall also identify any of the foregoing Certificates which, to Seller's

knowledge, are not transferable or which require third party consents to transfer.

- v. All items of inventory owned by Seller on the Closing Date for use in connection with the maintenance and operation of the Utility System, which inventory shall not be unreasonably depleted prior to that date, including without limitation, all meters, pumps, pipes, valves, plumbing fixtures, chemicals, stored water, spare parts, and other materials and supplies used by Seller, including, but not limited to those identified in Exhibit "E" to this Agreement.
- vi. All supplier lists, customer records, developer files, receipts for payment of connection charges, prints, blueprints, plans, engineering reports, surveys, specifications, shop drawings, equipment manuals, maps, CAD reproductions, and other information in Seller's possession, including any rights of Seller to obtain copies of such items from engineers, contractors, consultants or other third parties, in paper and electronic form.
- vii. All sets of record drawings, including as-built drawings, showing all facilities of the Utility System, including all original tracings, sepias, maps, CAD reproductions or other reproducible materials in Seller's possession, including any rights of Seller to obtain copies of such items from engineers, contractors, consultants or other third parties, in paper and electronic form.
- viii. All rights of Seller under any Developer Agreements, as identified in Exhibit "F" to this Agreement, which are assumed by Purchaser pursuant to Article 10.b.v. (the "Developer Agreements"). Included within the assigned agreements shall be the agreement settling a dispute with Dimmitt Car Leasing, Inc. in litigation styled, "Dimmitt Car Leasing, Inc. v. Holiday Utility Company, Inc., also known as Holiday Utilities, Inc., and U.S. Water Services Corporation." The Dimmitt settlement agreement is assignable to FGUA and Seller shall execute such assignment to FGUA at the Closing.

The Dimmitt settlement agreement dictates that in timing with the development of the Dimmitt Property, a portion of the utility infrastructure must be moved from the current location and additional utility easements provided for access in the new location. Pursuant to the Settlement Agreement, certain utility assets will be relocated at the cost of the purchaser of the property addressed in such settlement.

- ix. All rights of Seller under the Contracts and Leases, as identified in Exhibit "G" to this Agreement, which shall include, but not be limited to all agreements with respect to bulk service, which are assumed by Purchaser pursuant to Article 10.b.iv (the "Contracts

and Leases"). Exhibit "G" shall contain a schedule identifying any third party consents necessary for such assumptions.

- c. The following "Excluded Assets" are excluded from the Purchased Assets:
- i. Cash, accounts receivable (except as provided in Article 10.b.x.), bank accounts, equity and debt securities of any nature, deposits maintained by Seller with any governmental authority, and any prepaid expenses of Seller, which are Seller's sole property as of the Closing Date.
 - ii. Escrow and other Seller provisions for payment of federal and state taxes and other obligations to governmental entities. Seller shall be responsible for paying any such taxes and other obligations, to the extent that they are due from the operation of the Utility System prior to the Closing Date.
- The names and Florida corporations known as Holiday Utility Company, Inc., Colonial Manor Utility Company, Community Utilities of Florida, Inc., Pasco Utilities, Inc. and D&D Property Partners, Inc.
- iii. Any assets of Seller that do not constitute part of the Utility System or are not held or used by Seller in connection with the construction, maintenance, or operation of the Utility System.
 - iv. Any and all assets, rights, obligations or responsibilities of any kind of Seller relating to street lighting assets or services.
 - v. Funds in the amount of \$193,600.00 maintained on behalf of Seller in an escrow account (the "Dimmitt Escrow") for the settlement of a dispute with Dimmitt Car Leasing, Inc. in litigation styled, "Dimmitt Car Leasing, Inc. v. Holiday Utility Company, Inc., also known as Holiday Utilities, Inc., and U.S. Water Services Corporation." Such funds were to be used to reimburse Seller for previously calculated loss of future revenues for water services to be

provided to the Dimmit property located within Seller's current service territory, which service territory rights are to be relinquished to Pasco County. The Dimmit settlement agreement is included within Exhibit F and attached hereto. The Purchaser acknowledges that it will delete the portion of the service territory indicated in the Dimmit settlement agreement from the Holiday Utility System service area and award such territory to Pasco County within thirty days of receiving the costs of relocation of certain utility facilities required pursuant to Section 7 of the Dimmit settlement agreement.

- d. Purchaser shall assume all obligations and liabilities arising from the operation of the Utility System from and after the Closing, including the debts, liabilities, and obligations of Seller to the extent that they arise from or after the Closing Date under the Certificates or under Developer Agreements, Contracts and Leases, or other contracts or commitments expressly assumed by Purchaser. Except as provided in the preceding sentence or to the extent otherwise expressly assumed by Purchaser in writing, Purchaser does not assume and shall not be liable for any expense, assessment, exposure, fine, penalty, liability, act or omission of Seller of any kind whatsoever imposed or required by any third party (including any federal, state, or local authority), whether known or unknown, whether contingent, liquidated or unliquidated, and whether arising or accruing under contract, tort, or pursuant to statute, rule, ordinance, law, regulation or otherwise. Without limiting the foregoing, Purchaser shall not be liable for any liabilities to the extent that they are based upon or arise out of any violation of law, breach of permit obligation, breach of contract, tort, or other act or omission of Seller occurring prior to the Closing Date. Seller shall remain liable for and shall pay, perform or discharge all of Seller's liabilities and obligations, other than liabilities and obligations assumed by Purchaser; provided that Seller is not hereby limited in its right to contest in good faith any such liabilities or obligations.

3. **PURCHASE PRICE.**

- a. On the Closing Date, Purchaser shall pay to Seller, subject to the additions, adjustments and prorations referenced in this Agreement, a cash payment in the amount of Four Million Two Hundred Fifty Thousand Dollars (\$4,250,000) ("Purchase Price"). Purchaser shall pay Seller at Closing the Purchase Price in immediately available funds by wire transfer pursuant to wire instructions to be provided by Seller at Closing. For federal income tax purposes and all other purposes, the Purchase Price (including any adjustments of the Purchase Price) shall be allocated among the Purchased Assets in a manner set forth in writing and signed by Purchaser and Seller on or before the Closing Date.

(the "Title Agent") shall cause a current title insurance commitment to be issued by Old Republic Title Insurance Company (the "Title Insurer"), and delivered to Purchaser and Seller, covering the Real Property in an amount equal to Four Million Two Hundred and Fifty Thousand Dollars (\$4,250,000). The cost of the title insurance commitment and title insurance policy shall be borne by Seller. The title insurance commitment shall commit the Title Insurer to issue owner's title insurance policies to Purchaser covering the Real Property (substantially in accordance with the ALTA Standard Owner's Form B), reflecting title to the Real Property to be marketable and insurable, except for the Permitted Encumbrances (as defined in Article 6.f. below), the standard printed exceptions usually contained in an owner's title insurance policy, and the standard exclusions from coverage; provided, however, that the title insurance company shall delete the standard exceptions customarily deleted for such items as materialman's liens, survey, and mechanic's liens. Seller shall execute at or prior to Closing, in favor of Purchaser and the title insurance company, the appropriate mechanic's lien affidavit and "Gap" affidavit sufficient to allow the Title Agent to delete all standard exceptions addressed by such affidavits.

Purchaser shall notify Seller in writing no less than ten (10) days after receipt of the title insurance commitment of any material defect in Seller's title to the Real Property, other than those accepted herein and the Permitted Encumbrances. Such written notice shall identify all exceptions, encumbrances, liens, easements, covenants, restrictions or other defects in Seller's title to the Real Property (other than the Permitted Encumbrances) which render or may render Seller's title to the Real Property (i) unmarketable in accordance with standards adopted by The Florida Bar, or (ii) uninsurable. Any objections to title to the extent not shown on the notice furnished by Purchaser in accordance with the provisions of this paragraph shall be deemed to have been waived by Purchaser and Purchaser shall not be entitled to any damages or other remedies. Seller shall have ten (10) days after receipt of Purchaser's notice to eliminate the objections to title set forth in Purchaser's notice. However, in no event shall Seller be required to bring suit or expend any sum in excess of \$50,000 in the aggregate to cure title defects (exclusive of mortgages against the Real Property) that Seller has an obligation to discharge on or before Closing pursuant to the terms of this Agreement. If Seller fails to deliver title as herein provided, then Purchaser may:

- i. Accept whatever title Seller is able to convey with no abatement of the Purchase Price; or
 - ii. Reject title and terminate this Agreement with no further liability to either Purchaser or Seller.
- b. Purchaser may not object to title by reason of the existence of any mortgage, lien, encumbrance, covenant, restriction or other matter that (i) may be satisfied with a payment of money and Seller advises Purchaser that Seller elects to do so by paying same at or prior to the Closing; (ii) any mechanic's lien or other encumbrance that can be released of record, bonded or transferred of record to substitute security so as to relieve the Real Property from the burden thereof and Seller advises Purchaser that Seller elects to do so at or prior to Closing; or (iii) the Title Insurer affirmatively insures-over.
- c. Purchaser shall have the right, but not the obligation, to do such surveys on the Real Property as Purchaser desires. Surveys procured by Purchaser shall be at the sole cost and expense of Purchaser.
- d. If Purchaser desires to have any standard survey exceptions deleted or modified in the title policy, Purchaser shall deliver to the Title Agent, no later than thirty (30) days prior to the Closing, properly certified and current original surveys of the specified Real Property that comply with Florida law. As to each survey timely delivered by Purchaser, the Title Policy shall include a "blanket exception" as to the applicable fee parcel/survey.
- e. Title Agent shall deliver, promptly after Closing, the title insurance policy issued on the binder.
- f. "Permitted Encumbrances" include the following:
 - i. All present and future building restrictions, zoning regulations, laws, ordinances, resolutions, regulations and orders of any governmental authority having jurisdiction over the Real Property and the use thereof.
 - ii. Easements, restrictions, reservations, rights-of-way, conditions and limitations of record, if any, which are not coupled with any reverter or forfeiture provisions, including (without limitation) any drainage, canal, mineral, road, or other reservations of record in favor of the State of Florida or any of its agencies or governmental or quasi-governmental entities, or as may be set forth in any "Murphy Deeds", none of which, however, shall impair or restrict the use of the Real Property or the operation of the Utility System.
 - iii. Such other matters as are allowed under the terms of this Agreement, including the Developer Agreements.

7. **CONDITIONS PRECEDENT TO CLOSING.** The obligations of each party to close the transaction contemplated by this Agreement are subject to the conditions that at or before Closing:
- a. Neither Party is prohibited by decree or law from consummating the transaction.
 - b.  - c. Each of the parties hereto has performed all of the undertakings required to be performed by them under the terms of this Agreement.

However, a "material adverse change" does not include any of the following: (i) any action taken by Seller at Purchaser's written request; (ii) any general economic, political, and financial market changes, foreign or domestic; (iii) changes in laws or regulations or interpretations thereof that do not specifically apply to water or waste water utilities; (iv) weather or a natural disaster, to the extent it does not physically damage the Utility System or cause the loss of two percent (2%) or more of Seller's customer base; or (v) any circumstance, change or effect that results from any action taken at the request of Purchaser.
 - e. All warranties and representations of the other party are true in all material respects as of the Closing, except to the extent they specifically refer to another date.
 - f. Purchaser is able to negotiate and execute a Bulk Water Purchase Agreement between Pasco County and the Purchaser.
8. **PRE-CLOSING CONDUCT; COVENANTS.** Prior to Closing the parties covenant and agree to conduct themselves as follows:
- a. Purchaser is relying upon its own due diligence investigation in entering into this Agreement. The Purchaser shall have thirty (30) days after the execution of this Agreement to complete, at its expense, any financial, legal, environmental, engineering and operational compliance investigation of the Utility System and the Purchased Assets. Purchaser shall have the right to terminate this Agreement for any material defect or

problem revealed including, but not limited to, any terms of the Seller's contracts which would cause a material adverse change in the long term operation of the Utility System or the Purchased Assets from the current operation. Purchaser shall provide Seller with written notice of termination within ten (10) days of completion of due diligence. During the thirty (30) day due diligence period, Seller shall provide Purchaser and its representatives reasonable access to the Utility System and Purchased Assets, during business hours, following reasonable notice from Purchaser.

- b. A Copy of the report or reports shall be provided to Seller within five (5) days of receipt by Purchaser, but shall otherwise be kept confidential by Purchaser to the extent permitted by applicable law. If such Survey discloses the presence of any Hazardous Material, Seller shall have the right to perform such cleanup and remediation as is necessary hereunder. Upon Seller's failure to perform such cleanup and remediation prior to Closing, Purchaser may elect, as its sole remedy, to either (i) terminate this Agreement, in which event neither party shall have any liability to the other; or (ii) proceed to Closing without abatement of the Purchase Price. Purchaser acknowledges and agrees that, notwithstanding Seller's representations under Article 4.g. of this Agreement, Purchaser shall rely exclusively on its own inspections and investigations, including any Environmental Surveys that it obtains in accordance with this Article 8.c., with respect to any environmental issues relating to the Purchased Assets and in determining whether to complete the purchase of the Purchased Assets.
- d. During the period between the date of this Agreement and the Closing, Seller shall:

9. **TERMINATION OF AGREEMENT.**

- a. This Agreement may be terminated (i) by mutual written consent of the parties, (ii) by either party if the transactions contemplated hereby have not closed by December 31, 2009, or (iii) as provided in paragraphs b. and c. below.

- v. Purchaser represents and warrants that since its creation, it has been exempt from payment of documentary stamp taxes in each of its previous transactions whereby it purchased utility assets from a unrelated private utility like Seller. - vii. Seller shall file, before they become past due, all tax returns and shall pay, when due, all taxes due and owing from the operation of the Utility System and the sale thereof to Purchaser.
- viii. Seller shall be responsible for any past due and all ad valorem taxes, prorated through the Closing in accordance with the requirements of Section 196.295, Florida Statutes, and shall escrow funds with the Pasco County Tax Collector if so required.

5. To Purchaser's counsel's knowledge, there are no proceedings or claims pending or threatened against or affecting Purchaser in any court of law or in equity, or before or by any instrumentality which, if determined adversely to the same, would have an adverse effect upon Seller's rights under the Closing documents.

Colonial Manor Utility System

Colonial Manor Utilities currently has a wellfield with five production wells known as Well #1, Well #2, Well #3, Well #4 and Well #5. .

The SWFWMD regulates the total allotted withdrawal quantity from the wellfield under SWFWMD Water Use Permit No. 203677.04. The water use permit allows a peak monthly daily withdrawal of 293,000 gallons per day from the wellfield with an annual average daily withdrawal of 195,000 gallons per day.

All five wells are interconnected via pressure switches. The switches are located at each well. As the demand increases the pressure drop triggers another well to come on and sustain peak usage.

The water system has also two inter-connections with Pasco County Water System. One interconnection is manually operated by a gate valve, and the other is controlled by a compound meter and weighted check valve. The interconnection with PCWS is relied on for auxiliary power supply and water supply during emergencies (fire demand, maintenance, etc.)

2. Purchase Price for Service Territory. The purchase price for the Territory is One Hundred Ninety Three Thousand Six Hundred Dollars (\$193,600.00). The purchase price is based upon the purchase of eighty eight (88) ERC's at a unit price of \$2,200. Dimmitt will pay on the Effective Date of this Agreement the sum of \$193,600.00 into the escrow account held by Macfarlane Ferguson & McMullen ("Escrow Agent") and sign an escrow agreement in the form attached hereto as Exhibit B.

3. Application for Territory Modification of Holiday and Granting Rights to Pasco County. Presently, Holiday is designated by the Florida Public Service Commission as the water provider for the Property. In order for Pasco County to acquire the water rights to the Property, the PSC must delete Holiday as the water provider for the Property. Holiday, through its agent, US Water, agrees to file a request for a territory boundary modification with the PSC within fourteen (14) days after the Effective Date of this Agreement and to diligently pursue the request for the deletion. Holiday's Application will request that once Holiday relinquishes its rights to provide water to the Property, those rights, licenses and permits will be granted by the PSC to Pasco County, Florida. Holiday's request will ask the PSC to designate Pasco County, Florida as being the water provider for the Property enabling Pasco County to provide water and

wastewater service to the Property. Dimmitt (or Sun after purchasing the Property) will cause the County to make application for the assignment of service territory rights for the Property to the County, as may be required by the PSC. Upon the approval by PSC, a Developer Service Agreement or Bulk Water Agreement (or both) will be entered into between Pasco County and Sun.

4. Disbursement from Escrow. When Holiday receives information from the PSC that the PSC has granted the Rights to Pasco County, the Escrow Agent will disburse to Holiday the \$193,600.00 held in escrow.

5. Dimmitt and Sun intend to close on the purchase of the Property on June 16, 2008 (the "Closing"). Within seven (7) days after Closing, Holiday will install, at Sun's expense, a water meter in the Holiday water line which provides water to Phase I of the Property. This meter will allow Sun to have water during the development of Phase I as an automobile dealership. Sun will pay to Holiday the expense of the water it uses at the current rate charged to Holiday's customers. When the PSC grants Pasco County the ability to provide water utility service to the Property, Sun will connect to Pasco County's water line when such service connection is made available by the County and the use of the line metered by Holiday will be terminated.

6. Escrow of Documents. At Closing, the following documents will be placed in escrow with Allgood & Misemer, P.A.:

- i. Release of License Agreement with Holiday Utility Company, attached as Exhibit C.
- ii. Release of Escrow to Holiday Utility Company, attached as Exhibit B.
- iii. Easement between Sun Toyota and Holiday Utility, attached as Exhibit D.

Exhibits C, B, and D are the "Escrow Documents". When PSC grants the Rights to Pasco County, the Escrow agent shall record the Escrow Documents.

7. Relocation of Water Lines and Removal of Existing Lines and Capping of Wells. Presently there are water transmission lines which cross the Phase II portion of the Property and provide water to customers of Holiday to the north of the Property. There are also wells located in the Phase II portion of the Property. In order to develop the Phase II portion of the Property, the water lines need to be relocated to serve Holiday's customers and the lines crossing the Phase II portion of the Property need to be removed and the wells capped. US Water, as agent of Holiday, will be the contractor that will relocate the water lines and remove all or a portion of the existing lines at the election of Sun and cap the wells (these services being referred to as the "Work"). Exhibit F reflects the location of the relocated lines, the existing lines and the existing wells and other improvements proposed by Sun. The development of Phase II shall include the use of sanitary sewers connected to the Pasco County wastewater system and the placement of residential units or any other wastewater source shall not be within the

well head protection zone for those wells designated on Exhibit F. US Water has indicated the cost to provide the Work will be \$209,800. Exhibit G reflects the costs involved in providing this Work. If the Work is commenced within six (6) months of the date of this Agreement, the costs reflected in Exhibit G will be the cost charged by US Water. If the Work is commenced more than six (6) months from the date of this Agreement, US Water will refigure the cost to be charged for its services.

A. Sun agrees to purchase the Property from Dimmitt on June 16, 2008. The PSC may not have approved the transfer of the water Territory by Closing. However once Sun becomes the owner of the Property, it will be the party which will determine the time and extent of the Work to be performed by US Water in the Phase II portion of the Property but in no event shall the initiation of permit applications for such Work begin later than four (4) months from the date of this Agreement and construction of the Work shall begin no later than two (2) months from the issuance of said permits.

B. Dimmitt agrees to provide to Sun at the closing of the sale of the Property a credit against the purchase price in the amount of Two Hundred Six Thousand Four Hundred Dollars (\$206,400.00) as its contribution towards the cost of the Work to be performed by US Water. After the closing, Dimmitt will have no further responsibility to pay any expenses for the Work to be performed by US Water.

C. Once Sun advises US Water to go forward with the Work, US Water shall obtain permits for the Work shown on Exhibit G. Upon receipt of the necessary permits, Sun shall issue a Notice to Proceed for the construction work in accordance with Paragraph A. above. US Water shall not be responsible for obtaining permits or performing additional Work as may be required for remediation of the Property, as a result of existing conditions of the Property as may be identified in any Environmental Report, or for the remediation of development impediments not caused by Holiday's existing facilities or Holiday's use of the property. All the Work must be performed in compliance with governmental requirements. Permits for well abandonment must be obtained for SWFMD and permission for the relocations must be obtained from FDEP Water Permits Branch.

D. Payment of relocation related services set forth in the Work will be according to the payment schedule set forth in Exhibit H.

E. Sun will hereby grant to Holiday, its agents, contractors and subcontractors an easement on the Phase II portion of the Property as per the Declaration of Construction and Maintenance Easement Agreement herein identified as Exhibit D. Said Easement shall provide for location, access, and use of all water facilities of Holiday used and useful located on Sun Property after completion of the Work. All permanent pipe line easements shall be a non-exclusive easement 20 feet in width centered along the route of the installed water line(s). Once the Work specified in this Agreement is in place, Holiday will relinquish any claim of easement for the abandoned wells and abandoned pipe lines as shown on Exhibit F. Any pipe line abandoned and not removed

as a part of the Work, as instructed by Sun, shall become the property of Sun and all responsibility for or claim of ownership of Holiday shall terminate.

F. Landscape Buffer. Sun, or its successors, agrees to provide a landscape buffer, approved by Holiday, for the water treatment facility in the location referred to in Exhibit F. Sun will also provide means of roadway access to the water treatment facility which will be free of obstruction during Sun's development of the Property.

G. US Water agrees to complete the construction Work within 90 days from the Notice to Proceed issued for the construction work as provided in Paragraph C above. For every day which exceeds the 90 day construction period, US Water will pay a per day payment of \$500.00 to Sun which represents damages resulting from the Work not being completed on a timely basis.

H. Sun's Construction on Phase I. Sun will give Holiday at least seventy two (72) hours advanced written notice of the commencement of its development of the Property. Any damage to the Work performed by Holiday or US Water which is caused by Sun, its agents, contractors or subcontractors shall be repaired at Sun's expense. If Sun's development is halted for any reason after Sun directed US Water to move forward with the Work, Holiday and US Water's work shall continue with Work and it will be paid in accordance with the schedule of Exhibit H of this Agreement.

I. Mechanic's Lien. In the event any mechanic's or other liens, charge or order for payment of money is filed against the Property by contractors or subcontractors of Holiday, in connection with the Work, Holiday shall, at its expense, remove and satisfy such lien of record.

8. Indemnification. Holiday shall indemnify and hold harmless Sun, its successors and assigns from any and all claims, loss and damages to individuals or property created by Holiday, its contractors and subcontractors in the course of the Work. Any damage to Sun's property created by Holiday, its contractors and subcontractors during the Work shall be repaired at Holiday's expense as quickly as commercially reasonable. Sun shall indemnify Holiday, its Contractors and Subcontractors from any and all claims, loss and damages to individuals or property created by Sun, its Contractors and Subcontractors in the course of construction by Sun on the Property.

Promptly, and in any event within 20 days, after receipt by a party seeking indemnification hereunder (hereinafter referred to as the "Indemnitee") of notice of the commencement of any claim by a third party (whether by legal process or otherwise), against which the other party to this Agreement (hereinafter, the "Indemnitor") is, or may be, required under this Agreement to indemnify the Indemnitee, the Indemnitee will, if a claim may be made against the Indemnitor, notify the Indemnitor in writing of the commencement or assertion of the claim and give the Indemnitor a copy of such claim, process, and all legal pleadings. The Indemnitor shall have the right to participate in and assume the defense of the action with counsel of reputable standing reasonably acceptable to the Indemnitee. If the Indemnitor assumes the defense of any claim or

proceeding, the Indemnitee shall be authorized to consent to a settlement of, or the entry of any judgment arising from, any such claim or proceeding, without the prior written consent of the Indemnitee; provided, however, that (a) the Indemnitor shall pay all amounts arising out of such settlement or judgment concurrently with the effectiveness thereof; (b) the Indemnitor shall not be authorized to encumber any assets of the Indemnitee or to agree to any restriction that would apply to the Indemnitee or to its conduct of business; and (c) a condition to any such settlement shall be a complete release of the Indemnitee and its Affiliates, officers, employees, consultants and agents with respect to such claim. The Indemnitee shall be entitled to participate in (but not control) the defense of any such action, with its own counsel and at its own expense. If the Indemnitor does not assume the defense of any claim or proceeding and the Indemnitee is required by judgment or a settlement agreement to pay any amount in respect of any obligation or liability against which the Indemnitor has agreed to indemnify the Indemnitee under this Agreement, the Indemnitor shall pay to the Indemnitee such amount plus all reasonable expenses incurred by the Indemnitee (including legal fees and expenses at both trial and appellate levels, and including bankruptcy or insolvency proceedings). The Indemnitee shall not settle or compromise any claim, action, or proceeding without the prior written consent of the Indemnitor, which consent will not be unreasonably withheld, conditioned, or delayed. With respect to claims other than third-party claims, the Indemnitee shall promptly notify the Indemnitor of such claims, but the Indemnitee shall in any event be entitled to all of its rights and remedies hereunder.

The indemnification rights described in this Section 8 are in addition to, and not in derogation or limitation of, any statutory or common law right or remedy that any party may have as a result of a breach by any other party of a representation, warranty, or covenant set forth in this Agreement.

9. Dimmitt's Limit of Expense. It is contemplated that when Sun Automotive purchases the Property it will be subject to the terms of this Agreement and any expense related to the Work will be Sun's expense.

10. Conditions. (INTENTIONALLY DELETED SINC)

11. Additional Agreements. Subject to the terms and conditions of this Agreement, each of the parties shall use its reasonable efforts to take, or cause to be taken, all actions and to do, or cause to be done, all things necessary, proper, or advisable under applicable legal requirements to consummate and make effective the transactions contemplated by this Agreement, including cooperating fully with the other parties.

12. Governing Law. This Agreement shall be governed by and construed and enforced in accordance with the laws of Florida. The parties agree that any legal action relating to or arising out of this Agreement or the transactions contemplated hereby shall be brought in the courts of Pasco County, and that the courts of that county shall be the sole venue for such actions, and the parties waive any defense that Pasco County is an inconvenient or improper venue.

13. Successors and Assigns. A party shall not assign any of its rights or delegate any of its obligations under this Agreement without the prior, written consent of the other parties, except that Dimmitt may assign this Agreement to Sun Automotive and Holiday can assign their Agreement to the Florida Governmental Utility Authority or other governmental entity. All of the terms of this Agreement are binding upon and inure to the benefit of and are enforceable by and against the successors, legal representatives, and permitted assigns of the parties.

14. Entire Agreement. This Agreement, including the exhibits hereto, and the other documents delivered pursuant hereto, constitutes the full and entire understanding and agreement between the parties concerning the subject matter of this Agreement and supersedes all other prior agreements and negotiations, oral or written, concerning that subject matter, all of which are merged into this Agreement. Nothing herein, express or implied, is intended to confer upon any party, other than the parties hereto and their respective successors and permitted assigns, any rights, remedies, obligations, or liabilities under or by reason of this Agreement.

15. Amendment. A modification or amendment of this Agreement shall be effective only if it is in writing and executed by all the parties hereto, and by any other party to the document being amended.

16. Notices. To be effective, a notice or other communications required or permitted under this Agreement must be given in writing or by facsimile transmission (with a follow-up copy delivered by mail or courier). Unless otherwise specified herein a notice is considered effectively given when it is received by the intended recipient or when the intended recipient refuses delivery. If a notice is sent by certified or registered mail (with return receipt requested) or by a courier or delivery service, to the address of the intended recipient specified below (or such other address as the intended recipient has previously specified in a written notice received by the sender), the notice shall be presumed to have been received or refused by the intended recipient on the date indicated on the return receipt.

WITNESSETH:

WHEREAS, Dimmitt is placing the sum of One Hundred Ninety-Three Thousand Six Hundred Dollars (\$193,600.00) with the Escrow Agent to be disbursed to Holiday pursuant to the terms of this Escrow Agreement.

(A) The Parties authorize the Escrow Agent to keep the Money in an interest bearing account until Holiday advises the Escrow Agent in writing that the Public Service Commission has deleted Holiday as the water provider for the property described in Exhibit A, attached hereto.

The Parties agree to indemnify the Escrow agent and hold it harmless from any and all claims, liabilities, losses, actions, lawsuits, or proceedings at law or in equity, or any other expense, fees, or charges of any character or nature, which it may incur or with which it may be threatened by reason of its acting as Escrow Agent against any and all expenses, including reasonable attorney's fees and the cost of any action, lawsuit, or proceeding, or the cost of resisting any claim. If the Parties disagree about the rights and obligations of, or the propriety of any action contemplated by, the Escrow Agent, then in its sole discretion, the Escrow Agent may file an action and interpleader or for a declaratory judgment or such other action as it deems necessary to resolve such disagreement. Upon receiving notice of the appointment and qualification of a successor Escrow Agent, the resigning or then acting Escrow Agent shall promptly transfer and deliver to such successor Escrow Agent all escrowed property then held by it whereupon it shall have full and complete acquittance for all assets so delivered and shall have no further duties hereunder. The expenses of any resigning, deceased or incapacitated Escrow Agent's transfer shall be a proper charge against the Escrowed Property.

(E) Powers of Successor Escrow Agent and Waiver of Bond. Each successor Escrow Agent shall possess and exercise all rights, powers and authority herein conferred upon the original Escrow Agent, and no Escrow Agent designated hereunder shall be required to furnish any bond or other security in any jurisdiction for the faithful performance of his duties, the same being hereby expressly waived.

(F) Acceptance of Office. Any successor Escrow Agent may accept the office by written instrument and shall assume the duties thereof immediately upon delivery of such instrument to any one or more of the Parties. Title to the property escrowed pursuant to this Agreement shall vest forthwith in any successor Escrow Agent acting pursuant to the foregoing provisions, but any resigning or removed Escrow Agent shall execute all instruments and do all acts necessary to vest such title in any successor Escrow Agent without Court accounting or order.

(G) Exoneration of Third Parties. Banking institutions, savings and loan associations, as well as all other third persons, firms or corporations, are authorized to rely on the provisions of this Escrow Agreement and are exonerated from any loss, claim or liability in relying on said instrument and its provisions. No institution, association or firm in which Escrow Agent may maintain an account, either checking or savings, shall be under any liability or duty to see to the proper administration of this Escrow Agreement; and the Escrow Agent shall have authority to designate the authorized signature or signatures on accounts whether such signatories be the Escrow Agent or not, and all firms, associations or institutions relying on such signatures are exonerated from any loss, claim or liability.

(H) Compensation of Corporate Escrow Agent. Upon the death, disability, resignation or removal of the Escrow Agents designated in this Agreement, the successor corporate Escrow Agent shall be entitled to retain and receive a compensation for its services rendered hereunder in accordance with its schedule of rates as published from time to time and as in effect at the time such compensation becomes payable; provided, however, that such compensation shall not exceed the maximum commissions then allowable by law for such services.

Whereas, Grantor has agreed to create, establish and grant to and for the benefit of Grantee, its employees, agents, contractors, successors, assigns, lessees and invitees (the "Grantee Parties") the aforesaid Easement, within the Easement Area, in accordance with this Agreement; and

NOW THEREFORE, in consideration of the mutual covenants contained herein and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereby agree as follows:

1. Recitals. The foregoing recitals are true and correct and are incorporated herein by reference.
2. Grant of Easement. Grantor does hereby grant, establish, create and convey to and for the benefit of Grantee, its agents, contractors and sub-contractors an unobstructed, non-exclusive perpetual Easement on the Exhibit B Property (the "Easement Area") to construct a water line within the Easement Area and to maintain the water line thereafter allowing Grantee to provide water to customers located North of the Property. This Easement Area will enable Grantee, its agents, contractors and sub-contractors the ability to construct the water lines within the Easement Area and will provide access to Grantee, its contractors and sub-contractors through the Property during the construction of the water lines and to store work materials on a portion of the Property which is adjacent to the

5/29/2008

Easement Area. When Grantee's construction of the water lines is complete, the Easement Area will remain as a permanent, non-exclusive easement for water utilities of Grantee. The permanent easement shall be twenty (20) feet in width centered along the route of the water line which is installed within the Easement Area. Attached as Exhibit C is a sketch of the Easement Area which indicates the location where the water lines and the water treatment facility.

The water line will be constructed at the expense of Grantor according engineering plans approved by Grantor and Grantee. After the construction of the water line, Grantee shall, at its expense, pay for the cost of maintaining, repairing and restoring the water lines and the water treatment facility except for any repairs or restoration created by actions of Grantor, its agents, contractors and sub-contractors.

3. Access. Grantor does hereby grant, establish, create and convey to and for the benefit of Grantee, a non-exclusive, perpetual easement to come on to the Property in order to construct the water line and to maintain the water line from time to time. The easement will be utilized to enable Grantee, its agents, contractors and sub-contractors to conduct such construction, repair, maintenance or restoration activities as shall be reasonably necessary to exercise the rights and obligations of the Grantee under this Agreement. Except in cases of emergency, Grantee shall provide written notice to Grantor of the need of Grantee, its agents, contractors and sub-contractors, to conduct such construction, repair and maintenance or restoration activities within the Easement Area.
4. Maintenance and Repairs by Grantee. Grantee will be responsible to maintain the water lines under the Easement Area Surface. All injury or damage to the Easement Area Surface caused by an act or omission of Grantee while working on the water lines shall be repaired by and at the sole expense of Grantee.

In the event Grantee fails to repair the Easement Area Surface after Grantee causes injury or damage to the Easement Area Surface, Grantor, upon thirty (30) days prior written notice shall have the right, but not the obligation, to make such repairs and also charge Grantee for all costs and expenses incurred in connection herewith, which amounts shall be made payable by Grantee upon Grantor's demand.

5. Maintenance and Repairs by Grantor. Grantor, at Grantor's cost and expense shall be responsible for all maintenance of the Easement Area Surface. In the event Grantor causes injury or damage to the water lines beneath the Easement Area Surface, Grantor will have the obligation to pay Grantee the reasonable expenses which may be required to repair any damage (caused by Grantor), which amounts shall be due and payable by Grantor to Grantee upon Grantee's demand.
6. Improvements to Easement Area. After the initial construction of the water lines and water treatment facility, Grantee shall be prohibited from making any

modifications or improvements to any portion of the Easement Area without first obtaining the prior written consent of Grantor, which consent may not be unreasonably withheld, conditioned or delayed.

7. Landscape Buffer. Grantor agrees to provide a landscape buffer, approved by Grantee, for the water treatment facility reflected on Exhibit C. Grantor shall also provide roadway access to the water treatment facility which will be free of obstructions including the period of Grantor's construction on the Exhibit A Property.
8. Mechanics' Lien Coverage. Grantee shall not have the power or authority to create any lien or permit any lien to attach to the Property or the Easement Area hereto, and all suppliers, contractors, artisans, mechanics, laborers and other persons contracting with Grantee to perform work or supply materials required or allowed hereunder shall be so notified in writing. If any mechanic's or other lien shall at any time be filed against the Property or the Easement Area by a person or entity claiming by or through Grantee, Grantee shall (i) cause the same to be discharged of record within thirty (30) days after filing or (ii) if, in Grantee's discretion and in good faith, it determines that such lien should be contested, it shall furnish such security as may be necessary to cause the lien to be released on the records where the lien has been filed. If Grantee fails to discharge such lien within such time period or fails to furnish such security, then the Grantor may at its election, in addition to any other right or remedy available to it, discharge the lien by paying the amount claimed to be due or by procuring the discharge by giving security or in such other manner as may be allowed by law. If Grantor acts to discharge or secure the release of the lien, then Grantee shall immediately reimburse the affected owner for all sums paid and all costs and expenses (including reasonable attorneys' fees) incurred by Grantor involving such lien.
9. Recordation. This Agreement shall be executed by Grantor and Grantee on the Effective Date of _____, 2008 and recorded pursuant to the terms of the Agreement.
10. Term. The term of this Agreement and the rights of the Grantee hereunder shall commence upon the date said Agreement is recorded in the Public Records of Pasco County, Florida and shall run with the land in perpetuity.
11. Successors and Assigns. The terms, covenants, restrictions, easements, rights and benefits herein contained shall bind and inure to the benefit of the parties names herein and their respective representatives, successors and assigns, and the enumerations or definition of any party to this instrument shall be deemed and construed to include the heirs, representatives, successors and assigns of such party.

12. Relationship of Parties. The relationship between the parties hereto shall be solely as set forth herein, and neither party shall be deemed the employee, agent, partner or joint venturer of the other.
13. Attorneys' Fees and Costs. In any proceeding to interpret or enforce the terms of this Agreement, the prevailing party shall be entitled to an award of attorneys' fees and costs, through trial, appellate, administrative and bankruptcy proceedings.
14. Venue. The venue of any suit or proceeding brought for the enforcement of or otherwise with respect to this Agreement shall be in Pasco County, Florida. This Agreement shall be governed by and construed in accordance with the laws of the State of Florida without reference to its principles of conflicts of law.
15. Entire Agreement. The terms, covenants, conditions and provisions of this Agreement may only be abrogated, modified, or amended in whole or in part in writing by the parties or their respective representatives, successors, and assigns.
16. Indemnification by Grantee. The Grantee agrees to save and hold harmless Grantor and its partners, shareholders, directors, officers, agents and employees from any and all liability whatsoever in connection with all claims, demands, actions, liabilities, damages, penalties, judgments, costs, and expenses, including, but not limited to, claims or demands or actions for death or personal injuries or for property damage arising out of the use or occupancy of the Easement Area by Grantee, or arising from any activity, work, or thing done in or about the Easement Area by Grantee, together with all costs, expenses, and liabilities incurred in connection with any such claim or demand or action or proceeding including, but not limited to, all reasonable attorneys' fees to and through trial, appellate, administrative, and bankruptcy proceedings. Grantee's obligation to indemnify set forth herein shall survive the expiration or earlier termination of this Agreement. Notwithstanding the foregoing, Grantee shall not be required to indemnify the Grantor in connection with any claim, action, damages, liability or demand arising out of or in connection with the gross negligence or willful misconduct of Grantor or its employees, contractors or agents. Grantee will maintain general liability insurance and property insurance for the Easement under the same insurance policy which provides coverage for the self-storage facility developed by Grantee on the Property.
17. Indemnification by Grantor. Grantor agrees to indemnify Grantee, the Grantee Parties and hold them harmless from and defend them against any and all claims, actions, damages, liability and demands, by or to third persons occasioned by or arising, as a result of willful misconduct or any acts or omissions or negligence by Grantor or in or about the Easement Area, and from and against all costs, expenses and liability occurring in or in connection with any such claim or proceeding brought thereon. Notwithstanding the foregoing, Grantor shall not be required to indemnify the Grantee in connection with any claim, action, damages,

liability or demand arising out of or in connection with the gross negligence or willful misconduct of Grantee.

18. Counterparts. This Agreement may be executed in counterparts and, when all counterpart documents are executed, the counterparts shall constitute a single binding instrument.
