Application for General Rate Increase
Test Year approval

RECEIVED
FLORIDA PUBLIC SERVICE
COMMISSION
10 JAN 22 AM 9:05
Division of
ECONOMIC REGULATION

Dear Chairman Carter:

Pursuant to Rule 25-30.430, Florida Administrative Code, Sunshine Utilities of Central Florida, Inc. ("Sunshine") requests approval of a test year. Sunshine intends to submit an application for a general rate increase to the Florida Public Service Commission for its water systems located in Marion County. Sunshine intends to submit the minimum filing requirements on, or before, March 15, 2010.

Sunshine's last rate proceeding was in Docket No. 900386-WU using a test year ending May 31, 1990, resulting in Order No. 25722, issued February 13, 1992.

Sunshine requests a test year ending December 31, 2009. The requested test year is representative of a full year of Sunshine's current operations. The expenses incurred during the test year are typical and it is the most current year for which financial information is available. There have been no major changes in operational methods and no significant changes to plant and equipment for its water systems during the last 18 months. There are no known estimated pro forma adjustments to plant that will be requested in this proceeding. There are no major pro forma adjustments to expenses that have been identified at this time; however, some expenses may require annualization adjustments for current cost increases.

Sunshine requests that the Commission process this petition for rate relief using the agency's proposed agency action procedure. Sunshine will also petition for interim rates based on the historic test year requested.

If you, or your Staff, have any questions regarding these matters, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read 'John Q. Adams, II', written in a cursive style.

John Q. Adams, II
Certified Public Accountant
