Re: Docket No. 100038 -WU - Application to implement a backflow maintenance program by Sunny Shores Water Co.

Dear Mr. Mason:

In order to further review the application, Sunny Shores Water Co. will need to provide the following:

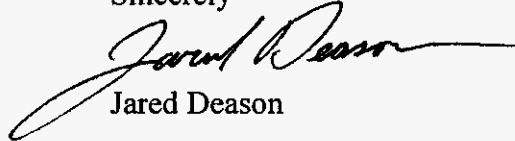

1. Please provide staff with a revised tariff sheet showing the charge for backflow testing.
2. Section 367.091(6), Florida Statutes (F.S.), states, in pertinent part, an application to establish, increase, or change a rate or charge other than the monthly rates for service must be accompanied by a cost justification. Please provide all documentation to satisfy the cost justification requirement of 367.091(6) F.S., including any bids and contract(s) with certified technicians who perform the maintenance and inspections for the backflow devices.
3. Your letter dated January 11, 2010, states, "In December, 2007 the Manatee County Health Department informed this company on the annual inspection that there were only 87 backflows out of 264 dwellings that were in compliance with the Manatee County Ruling of 1987-Cross Connection and Backflow Prevention Code (R-87-125)." Please explain why 87 customers have backflow devices and the other 177 customer apparently do not.
4. Please provide a copy of the Manatee County Ruling of 1987-Cross Connection and Backflow Prevention Code (R-87-125) referenced in your letter dated January 11, 2010.
