Re: Forest Utilities, Inc.; Tariff Revision
Our File No. 25052.01

Dear Ms. Cole:

Forest Utilities, Inc. is a regulated wastewater utility operating in Lee County, Florida. As a result of recent customer additions, the water service provider in Forest Utilities, Inc.'s wastewater service territory (Lee County Utilities) has recently added several meters of sizes larger than those currently outlined in Forest's tariff. As such, we need to revise the general service rate tariff of Forest Utilities, Inc., in order to incorporate these larger meter sizes. I have attached hereto revised Tariff Sheet No. 16.0 in order to incorporate larger meter sizes, based upon application of standard AWWA meter equivalents to the existing approved rates for the Utility, in order for the tariff to properly reflect these larger meter sizes.

This change will have no impact on gross revenues or typical bills of the Utility.

Please approve the attached tariff sheets as quickly as possible and return one original to me for inclusion in the Utility's tariff.

Should you have any questions in this regard, please let me know.

Sincerely,
ROSE, SUNDSTROM & BENTLEY
