Good afternoon, Kim.

In my continuing quest to make your life easier, I've found another pair of confidential documents that can be returned to the source. Doc. #08004-09 (Cross reference Doc. #07101-09), filed in Docket No. 090130. It is FPL's response to Staff's first requests for PODs #3. ECR staff are aware that the documents will be returned to the source. Have a great afternoon!

Larry
