BEN A. "STEVE" STEVENS III

ORDER APPROVING TRANSFER OF
MAJORITY ORGANIZATIONAL CONTROL

BY THE COMMISSION:

BACKGROUND

Parkland Utilities, Inc. (Parkland or utility) is a Class B utility providing water service to approximately 805 water and 787 wastewater customers in Broward and Palm Beach Counties. The utility's service area is located in the South Florida Water Management District (SFWMD), and lies within a critical water supply problem area. The utility's 2008 annual report shows annual operating revenues of \$308,099 and \$507,246 and net operating losses of \$52,394 and \$10,328 for water and wastewater, respectively.

We granted the utility Certificate Nos. 242-W and 185-S in 1976.¹ Since then we have approved one amendment to the utility's service territory.²

On October 28, 2009, Ronald M. Nunes, Michael K. Bergen, and the East Coast Equity Management Corporation (ECEMC) (buyers) submitted an application for the transfer of majority organizational control of the utility from Seymour Baskin, Marvin Kamin, and James R. Allen (sellers). On September 30, 2009, the sellers and the buyers entered into an agreement which provides that the buyers would purchase 100 percent of the 10,000 shares of common

¹ Order No. 7092, issued January 22, 1976, in Docket Nos. 750640-W and 750641-S, In Re: Application of Parkland Utilities, Inc., for certificates to operate water and sewer systems in Broward County, Florida.

² Order No. PSC-01-0974-FOF-WS, issued April 20, 2001, in Docket No. 001825-WS, In re: Application for amendment of Certificates 242-W and 185-S to include additional territory in Broward and Palm Beach Counties by Parkland Utilities, Inc.

stock in the utility, with 522.4 shares to Mr. Bergen, 2,164.1 shares to Mr. Nunes, and 7,313.5 shares to ECEMC. The closing took place on October 23, 2009, subject to our approval.

This order addresses the application for transfer of majority organizational control. We have jurisdiction to consider this matter pursuant to Section 367.071, Florida Statutes.

DECISION

Pursuant to Section 367.071, Florida Statutes, on October 28, 2009, the buyers applied for a transfer of majority organizational control of Parkland as a result of the purchase of all of the corporation's stock. As stated previously, the agreement was executed and the closing occurred on October 23, 2009. Pursuant to Section 367.071(1), Florida Statutes, the agreement for the transfer of majority organizational control was made contingent upon our approval.

The application is in compliance with the governing statute, Section 367.071, Florida Statutes, and Rule 25-30.037(3), Florida Administrative Code, pertaining to an application for transfer of majority organizational control. A description of the territory granted to Certificate Nos. 242-W and 185-S is appended to this order as Attachment A.

The application contains proof of compliance with the noticing provisions set forth in Rule 25-30.030, Florida Administrative Code. No objections to this application were received and the time for the filing of such objections has expired. A copy of the warranty deed, in the name of Parkland Utilities, Inc., for the land on which the water treatment facilities are located was provided.

We have verified that the utility is current on filing its annual reports through 2008 and regulatory assessment fees (RAFs) through June 30, 2009. The utility will continue to be responsible for filing annual reports and RAFs for 2009 and future years.

The application contains a statement that the buyers performed a reasonable investigation of the utility system. The utility has a water system with treatment facility; however, wastewater service is provided through a bulk arrangement with Broward County's regional system. We have confirmed with the Florida Department of Environmental Protection (DEP) that the utility's wastewater collection system is currently in environmental compliance with DEP standards. The Broward County Health Department has no outstanding notices of violation issued for the water system. We have also confirmed with SFWMD that the utility is in good standing.

The utility was constructed in 1975 to serve a large residential housing development in north Broward County. In 2001, we approved an amendment to the utility's service territory which granted it territory in Palm Beach County in Order No. PSC-01-0974-FOF-WS. In the early 1980s, Mr. Nunes and Mr. Bergen were hired by the company that owned and operated the utility. Mr. Nunes has a Class C water operator's license and Mr. Bergen has a Class A license for both water and wastewater systems. The utility's current management and operations personnel will remain with the utility. The buyers believe their knowledge and experience will allow them to maintain quality utility service for the utility's customers. In addition, the buyers provided a statement of intent to fulfill the commitments, obligations, and representations of the

sellers with regard to utility matters. The sellers are all retirement age and are interested in divesting the utility asset.

The utility's rates and charges were originally established in 1976 pursuant to Order No. 7092. A staff-assisted rate case and two limited proceeding dockets were subsequently processed for changes in water and wastewater rates.³ There have also been multiple price index and pass through applications processed for the utility. Rule 25-9.044(1), Florida Administrative Code, provides that in the case of change of ownership or control of a utility, the rates, classifications, and regulations of the former owner must continue unless authorized to change by this Commission. The new owner has not requested a change; therefore, the existing rates and charges shown on Attachment B shall continue in effect.

Based on the above, we find that the application for transfer of majority organizational control of Parkland Utilities, Inc., Certificate Nos. 242-W and 185-S, to Ronald M. Nunes, Michael K. Bergen, and the East Coast Equity Management Corporation is in the public interest and shall be approved effective the date of this Commission's vote. The resultant order shall serve as the utility's water and wastewater certificates and shall be retained by the utility. The tariff pages reflecting the transfer shall be effective for services provided or connections made on or after the stamped approval date on the tariff sheets.

Based on the foregoing, it is

ORDERED by the Florida Public Service Commission that the transfer of majority organizational control of Parkland Utilities, Inc., Certificate Nos. 242-W and 185-S, to Ronald M. Nunes, Michael K. Bergen, and the East Coast Equity Management Corporation is hereby approved effective February 9, 2010. The territory Parkland Utilities, Inc., is authorized to serve as shown on Attachment A of this Order, which by reference is incorporated herein. It is further

ORDERED that Parkland Utilities, Inc., shall continue to charge the rates and charges approved in its tariff until authorized to change by this Commission in a subsequent proceeding. It is further

ORDERED that Docket No. 090493-WS is hereby closed.

³ Order No. 24417, issued April 23, 1991, in Docket No. 900598-WS, In re: Application for staff-assisted rate case in Broward County by Parkland Utilities, Inc.; Order No. PSC-92-0868-FOF-SU, issued August 25, 1992, in Docket No. 920598-SU, In re: Application for limited proceeding increase of sewer rates in Broward County by Parkland Utilities, Inc.; and Order No. PSC-93-0209-FOF-WU, issued February 10, 1993, in Docket No. 921101-WU, In re: Application for limited proceeding increase in water rates in Broward County by Parkland Utilities, Inc.

By ORDER of the Florida Public Service Commission this 1st day of March, 2010.

ANN COLE
Commission Clerk

NOTICE OF FURTHER PROCEEDINGS OR JUDICIAL REVIEW

The Florida Public Service Commission is required by Section 120.569(1), Florida Statutes, to notify parties of any administrative hearing or judicial review of Commission orders that is available under Sections 120.57 or 120.68, Florida Statutes, as well as the procedures and time limits that apply. This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

Any party adversely affected by the Commission's final action in this matter may request:

- 1) reconsideration of the decision by filing a motion for reconsideration with the Office of Commission Clerk, 2540 Shumard Oak Boulevard, Tallahassee, Florida 32399-0850, within fifteen (15) days of the issuance of this order in the form prescribed by Rule 25-22.060, Florida Administrative Code; or
- 2) judicial review by the Florida Supreme Court in the case of an electric, gas or telephone utility or the First District Court of Appeal in the case of a water and/or wastewater utility by filing a notice of appeal with the Office of Commission Clerk, and filing a copy of the notice of appeal and the filing fee with the appropriate court. This filing must be completed within thirty (30) days after the issuance of this order, pursuant to Rule 9.110, Florida Rules of Appellate Procedure. The notice of appeal must be in the form specified in Rule 9.900(a), Florida Rules of Appellate Procedure.

Description of Service Area
Parkland Utilities, Inc.
Broward and Palm Beach Counties

In Section 2, Township 48 South, Range 41 East, Broward County:

The North half, less and except:

the East 3/4 of the East half of the East half;

that portion of the West half of the West half of the East half of the East half, lying and being north of the south line of the north 2123 feet; and,

the East 1320 feet of the north 1320 feet (as measured along the north and east lines).

In Section 35, Township 47 South, Range 41 East, Broward County:

All of said Section 35, lying southerly of the Hillsboro Canal and State Road 827.
