Attached is the Regulatory Assessment Fee (RAF) Form for your company. In order to cancel your company's certificate and remain in good standing you need to send \$212 by April 2, 2010 (must be postmarked by that date). On the form please write, "No longer in business in Florida. Nancy, please cancel." I will then open a docket for a voluntary cancellation.

If payment is not received, I have to open a compliance docket for an involuntary cancellation which will include the \$212 plus a \$1,000 fine and accumulating penalty (25%) and interest(1% per 30 days). The additional amounts would then have to be paid for a voluntary cancellation and if no payments are received the company would get an involuntary cancellation with the outstanding amounts going to collections.

Since you have already received the delinquent letter from our General Counsel you have 15 days from the receipt of that letter to act. When we talked, I was not aware that your company had already had a compliance docket in 2007, Docket Number 070383-TC. The first offense is a \$500 fine, but since this would be your company's second offense the fine is \$1,000 as outlined in the letter.

Please let me know if you have any questions. Thank you.
