RE: Recommendation to Office of the General Counsel - Docket No. 100138-TL – Petition for expedited review of growth code denials by the Number Pooling Administration for the Jacksonville exchange (Wesconnect) by AT&T Florida.

On March 16, 2010, AT&T Florida filed a request for additional numbering resources from the Number Pooling Administrator (NeuStar) for the Jacksonville exchange, Wesconnect (JCVLFLWCDS0) switch. AT&T Florida requested a full NXX to meet the request of a specific customer for 10,000 consecutive numbers in the format of 904 5XX. On March 16, 2010, AT&T Florida's request for additional numbering resources was denied because it did not meet the utilization criteria.

On March 19, 2010, AT&T filed a petition requesting that the Commission overturn NeuStar's decision. In accordance with Commission Order No. PSC-01-1973-PCO-TL, (Docket No. 020087-TL) which approved an expedited process for the NeuStar code denials, staff has examined the AT&T Florida petition and has determined the following:

- 1) The carrier has demonstrated that it has a customer in need of numbering resources;
- 2) The carrier has shown that it is unable to provide services to this potential customer because of NeuStar's denial of the numbering resources; and
- 3) The customer will not be able to obtain service from the provider of his/her choice because the carrier does not have the numbers available.

Since the three criteria of PSC-01-1973-PCO-TL have been met, please prepare an administrative Proposed Agency Action Order to be issued within seven business days of this memorandum (April 2, 2010), as outlined in the expedited code denial process order. NeuStar should be directed to provide AT&T Florida the needed numbering resources to meet its customer's needs in the Jacksonville exchange, Wesconnect (JCVLFLWCDS0) switch. Please allow staff assigned to the docket to review the Order before it is issued. If you have any questions, please call Sakina Deas at (850) 413-6504.
