

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Nuclear Cost Recovery
Clause

Docket No. 100009-EI
Submitted for filing: March 29, 2010

**PROGRESS ENERGY FLORIDA'S OBJECTIONS TO CITIZENS'
FIRST REQUEST FOR PRODUCTION OF DOCUMENTS (NOS. 1-43)**

Pursuant to Fla. Admin. Code R. 28-106.206, Rule 1.350 of the Florida Rules of Civil Procedure, and the Order Establishing Procedure in this matter, Progress Energy Florida, Inc. ("PEF") hereby serves its objections to Office of Public Counsel's ("Citizens" or "OPC") First Requests for Production of Documents (Nos. 1-43) and states as follows:

GENERAL OBJECTIONS

PEF will make all responsive documents available for inspection and copying at the offices of PEF, 106 E. College Ave., Suite 800, Tallahassee, Florida, 32301 at a mutually-convenient time, or will produce the documents in some other manner or at some other place that is mutually convenient to both PEF and OPC for purposes of inspection, copying, or handling of the responsive documents.

With respect to the "Definitions" and "Instructions" in OPC's Requests for Production, PEF objects to any definitions or instructions that are inconsistent with PEF's discovery obligations under applicable rules. If some question arises as to PEF's discovery obligations, PEF will comply with applicable rules and not with any of OPC's definitions or instructions that are inconsistent with those rules. Furthermore, PEF objects to any definition or request that seeks to encompass persons or entities other than PEF who are not parties to this action and thus

are not subject to discovery. No responses to the requests will be made on behalf of persons or entities other than PEF. PEF also objects to OPC's request that PEF provide documents in a specific electronic format. Furthermore, PEF objects to any request that calls for PEF to create documents that it otherwise does not have because there is no such requirement under the applicable rules and law.

Additionally, PEF generally objects to OPC's Requests to the extent that they call for documents protected by the attorney-client privilege, the work product doctrine, the accountant-client privilege, the trade secret privilege, or any other applicable privilege or protection afforded by law. PEF will provide a privilege log in accordance with the applicable law or as may be agreed to by the parties to the extent, if at all, that any document request calls for the production of privileged or protected documents.

Further, in certain circumstances, PEF may determine upon investigation and analysis that documents responsive to certain requests to which objections are not otherwise asserted are confidential and proprietary and should be produced only under an appropriate confidentiality agreement and protective order, if at all. By agreeing to provide such information in response to such a request, PEF is not waiving its right to insist upon appropriate protection of confidentiality by means of a confidentiality agreement, protective order, or the procedures otherwise provided by law or in the Order Establishing Procedure, Order No. PSC-10-0115-PCO-EI, issued February 25, 2010 (the "Order"). PEF hereby asserts its right to require such protection of any and all information that may qualify for protection under the Florida Rules of Civil Procedure, the Order, and all other applicable statutes, rules and legal principles.

PEF generally objects to OPC's Requests for Production to the extent that they call for the production of "all" documents of any nature, including, every copy of every document

responsive to the requests. PEF will make a good faith, reasonably diligent attempt to identify and obtain responsive documents when no objection has been asserted to the production of such documents, but it is not practicable or even possible to identify, obtain, and produce "all" documents. In addition, PEF reserves the right to supplement any of its responses to OPC's Requests for Production if PEF cannot produce documents immediately due to their magnitude and the work required to aggregate them, or if PEF later discovers additional responsive documents in the course of this proceeding.

By making these general objections at this time, PEF does not waive or relinquish its right to assert additional general and specific objections to OPC's discovery at the time PEF's response is due under the Florida Rules of Civil Procedure and the Order. PEF provides these general objections at this time to comply with the intent of the Order to reduce the delay in identifying and resolving any potential discovery disputes.

SPECIFIC OBJECTIONS

Request Nos. 1-5: PEF objects to these requests in part because neither the Florida Rules of Civil Procedure nor the Order contain a requirement to continually supplement responses to discovery requests. Nevertheless, PEF will produce relevant presentations to the Company's Board of Directors or Senior Management Committee, as well as numbered, written correspondence between the Consortium and PEF, and any other similar documents that OPC and PEF subsequently agree upon, that are created after this request as they become available. PEF is under no obligation to produce a document within a specific time period after it is created, but will make a good faith effort to produce a document within a reasonable time period after it is created.

Respectfully submitted this 29th day of March, 2010.
