

REDACTED PUBLIC VERSION

Form 477 Submission for FRN: 4343737, Company: RNK, Inc., State: FL, Operations: Non-ILEC, Data as of Dec 31, 2009

All filers must complete Items 1 through 11 below

Data Description	Value
Data as of	Dec 31, 2009
1. FRN	4343737
2. Company	RNK, Inc.
3. Type of Operations	ILEC <input type="checkbox"/> Non-ILEC <input checked="" type="checkbox"/>
4. Use this drop-down list to select a single name, such as the holding company, to identify all commonly-owned or commonly-controlled filers. Commonly-controlled filers with no holding company should decide on a single name to use for this question. Select "not shown" if no appropriate name appears in the list.	Wave2Wave Communications, Inc.
If you selected "not shown" above, type in the single name that will identify all commonly-owned or commonly-controlled filers.	
5. State	FL
6. Contact person (person who prepared the submitted data)	Matthew Kinney
7. Contact person telephone number and email address	Phone. 7816136148 Email. matt@mkcom.com
8. Status of submission	Original - Submitted
9. Indicate whether you request non-disclosure of some or all of the information in this submission because you believe that this information is privileged and confidential and public disclosure of such information would likely cause substantial harm to the competitive position of the filer.	No <input type="checkbox"/> Yes <input type="checkbox"/>
10. Official (corporate officer, managing partner, or sole proprietor) whose signature certifies that he/she has examined the information contained in this Form 477 and that, to the best of his/her knowledge, information and belief, all statements of fact contained in this Form 477 are true and correct. For purposes of this Form 477, the entry of the official's name on this line shall constitute that official's electronic signature to this certification. Persons making willful false statements in a Form 477 can be punished by fine or imprisonment under the Communications Act, 47 U.S.C. 220(e).	Richard N. Koch  <b>REDACTED</b>
11. Certifying official telephone number and email address	Phone. 7816136000 Email. rich@mkcom.com

Part II.A: Local Exchange Telephone Service

	(1)	(2)	(3)	(4)
	Voice-grade equivalent lines and voice-grade equivalent wireless channels in service to your end user customers	Voice-grade equivalent lines you provided to unaffiliated communications carriers under resale arrangements including, among others, commercial agreements that replaced UNE-P and resold services such as local exchange, Centrex, and channelized special access	Lines you provided to unaffiliated communications carriers under any UNE loop arrangement where you did not also provide UNE switching for the line. (Do not convert UNEs to voice-grade equivalents.)	Lines you provided to unaffiliated communications carriers as UNE-P. (Do not convert UNEs to voice-grade equivalents.)
COM _____				
APA _____				
ECR _____				
GCL _____	(a) Total number. See instructions on what to include.			
RAD _____	(b) Percentage of (a) that are residential lines			
SSC _____	(c) Percentage of (a) for which you (including affiliates) are the presubscribed interstate long distance carrier			
ADM _____	(d) Percentage of (a) used for residential service AND for which you (including affiliates) are the presubscribed interstate long distance carrier			
OPC _____	(e) Percentage of (a) provided over your own (including affiliates) local loop

facilities or the equivalent  
(f) Percentage of (a) provided over UNE loops obtained from an unaffiliated carrier without also obtaining that carrier's UNE switching for that line

[REDACTED]

(g) Percentage of (a) provided over UNE-Platform (but treat commercial agreements that replaced UNE-P as "provided by reselling," below)

[REDACTED]

(h) Percentage of (a) provided by reselling unaffiliated-carrier services including, among others, commercial agreements that replaced UNE-P and resold services such as local exchange, Centrex, and channelized special access

[REDACTED]

(i) Percentage of (a) provided over optical fiber at the end user premises

[REDACTED]

(j) Percentage of (a) provided over coaxial cable at the end user premises

[REDACTED]

(k) Percentage of (a) provided over fixed wireless at the end user premises

[REDACTED]

Part II.B: Interconnected VoIP Service

If you report end user subscriptions in (1) and/or (2), you must also complete Part V of Form 477.

Reporting by State: Subscriptions reported in (1) must be reported in the state of the subscriber's "Registered Location" as of the data-collection date. (This is the most recent information obtained by an interconnected VoIP service provider that identifies the physical location of the end user. See 47 C.F.R. § 9.3.) Subscriptions reported in (2) must be reported in the same state as the broadband connection purchased in conjunction with the VoIP service.

Reporting subscriptions in (1) and (2): Count one subscription for each end user (retail customer) who subscribes to this service. If the customer pays for the ability to make multiple simultaneous calls from a single location, then count the maximum number of calls that can be active at one time. In general, VoIP service to a business retail customer will be counted as more than one subscription.

Reporting wholesale customers in (3): Count the number of companies who purchase your VoIP components or service and resell them, as part of their own VoIP service, to end users or other wholesalers in this state.

(1)  
VoIP subscriptions that end users purchased from you without also purchasing a broadband connection from you

(2)  
VoIP subscriptions that end users purchased from you in conjunction with the purchase of a broadband connection

(3)  
Wholesale customers who purchased your VoIP service to resell as their own VoIP service

(a) Total number.

[REDACTED]

(b) Percentage of (a) provided under residential grade service plans

[REDACTED]

(c) Percentage of (a) purchased under terms that allow use with any broadband connection ("nomadic functionality")

[REDACTED]

(d) Percentage of (a) provided in conjunction with a copper wire-based broadband connection (DSL or Other Wireline)

(e) Percentage of (a) provided in conjunction with a fiber-to-the-end user broadband connection

(f) Percentage of (a) provided in conjunction with a Cable Modem broadband connection

(g) Percentage of (a) provided in conjunction with a fixed wireless broadband connection

(h) Percentage of (a) provided in conjunction with any other type of

broadband connection

**Part V: Zip Code Information – Local Voice Telephone Service and Interconnected VoIP**

If you reported local exchange telephone lines in service to your end user customers, in Part II.A (1), or VoIP subscriptions that end users purchased from you, in Part II.B (1) or (2), you must list the 5-digit ZIP Codes in the state in which you had end user customers. Do not include any ZIP Codes in which you offered your local exchange telephone or VoIP service but had no end user customers, and do not include any out-of-state ZIP Codes.

Type all five digit ZIP codes in the following text box, separated by either commas, spaces, or carriage returns:

\*We are not asking for information contained in columns (c) and (d) of the FCC Form 477.

**Table 5: VoIP Access Lines on a Voice-Grade Equivalent (VGE) Basis**

REDACTED PUBLIC  
VERSION

Company Name:

RNK Communications, Inc.

Company Code\*:

TX 942

\* Your Company code is shown on the label affixed to the envelope in which this was mailed and on the cover letter.

**THIS TABLE IS TO ONLY CAPTURE VoIP LINES. DO NOT INCLUDE LINES REPORTED IN TABLE 1.**

Complete Table 5 if you provided VoIP service to Florida end users via one or more voice-grade equivalent (VGE) lines or wireless VGE channels.

An access line connects the end user's customer premises equipment (CPE) to the serving switch and allows the end user to originate and/or terminate local telephone calls on the public switched telephone network (PSTN). The access line counts in Table 5 below must be based on all of your different types of access lines (including fixed wireless) that are used to provide VoIP service.

Each field must be populated. All entries must be made without quotation marks.

**TABLE COLUMN INSTRUCTIONS:**

Column (a). Reported NPA-NXX data should not be based on secondary service locations (i.e., where service has been moved temporarily to a secondary location such as a vacation home).

Each NPA-NXX and corresponding data must be entered in a separate row. Please combine lines that have the same NPA-NXX.

Column (b). Enter the abbreviation Res for Residential lines or Bus for Business lines. Residential lines and business lines must be entered in separate rows.

Column (c). Enter line count as voice-grade equivalents (VGEs). Report VGEs based on how the customer is billed. If the customer is billed for a dynamic bandwidth VoIP product, the line count would be the maximum number of VoIP lines available. If the customer is billed for a specific number of VoIP lines, or a range of lines, the VoIP line count would be the number of VoIP lines or the highest number of the range, respectively. Each line count must be entered in separate rows.

Please provide data as of December 31, 2009.

(a)	(b)	(c)
NPA-NXX i.e.(850-413)	Res or Bus	Total VGE Lines
