RE: Confidential Document No. 02510-10, Docket No. 090451-EM

The material received is a result of staff's Fourth request for Production of Document (No. 16). The information includes proposals submitted in response to GRU's 2007 request for proposals to supply GRU with renewable electrical energy generation. In addition, the material includes pricing and related confidential, proprietary, business information that, if disclosed would harm GREC LLC's competitive business interests.

The subject document is confidential in nature. It contains information concerning trade secrets, bids or other contractual data, the disclosure of which would impair efforts of the company to contract for services on favorable terms.
