Re: Docket No. 080009-EI  
Request for Confidential Classification

Dear Mr. Butler:

While catching up on outstanding confidentiality requests, staff has identified one outstanding request for confidential treatment made by Florida Power & Light Company (FPL) during the 2008 Nuclear Cost Recovery Clause which has not yet been acted upon. The Document is identified as DN 07983-08 (cross referencing Document Nos. 06907-08 and 06909-08), relating to testimony and exhibits of staff witnesses Carl Vinson, Robert Fisher, and Kathy Welch. FPL's request is identified as Document No. 07982-08, filed August 29, 2008.

Given the amount of time that has passed since the original request was filed (in excess of 20 months), I am writing to ask that you review the request and identified documents and determine whether any portions of FPL's request can be withdrawn, and the information declassified. For information that FPL believes should continue to be treated as confidential, I would appreciate it if FPL would file a new request, including a detailed explanation of the facts and circumstances which FPL believes justify continued confidential classification. Thank you for your time and attention, and please do not hesitate to contact me if you have any questions.

Sincerely,

Keino Young  
Staff Attorney
