

VOTE SHEET

June 29, 2010

Docket No. 100043-EQ – Petition for approval of revisions to tariff interconnection agreements by Tampa Electric Company.

Issue 1: Should the Commission approve the revisions submitted by Tampa Electric Company amending its non-export parallel operators and customer-owned renewable generation standard interconnection agreements.

Recommendation: Yes. The proposed revisions to TECO’s tariff and standard interconnection agreements will promote the use of alternative and renewable generation by allowing customers an additional method with which to indemnify and insure their equipment.

Docket No. 100043-EQ – Petition for approval of revisions to tariff interconnection agreements by Tampa Electric Company.

(Continued from previous page)

Issue 2: Should this docket be closed?

Recommendation: Yes. If the Commission approves staff's recommendation and no person whose substantial interests are affected requests a hearing to address this matter, then Docket No. 100043-EQ should be closed upon issuance of a Consummating Order, and the tariff should become effective on June 15, 2010. If a protest is filed within 21 days of the issuance of the Commission's order, the tariff should remain in effect pending resolution of the protest. Potential signatories to the tariff should be aware that TECO's tariff may be subject to a request for hearing, and if a hearing is held, may subsequently be revised.
